It's time to get....

UPP

for health insurance

What's UPP?

Utah's Premium Partnership for Health Insurance (UPP) helps make health insurance more affordable for families and individuals.

UPP (pronounced 'up') may be able to help you pay your monthly health insurance premium.

Depending on your income and family size, you may qualify for a rebate of up to $150 per person each month if you are:

- Uninsured and have access to health insurance through your employer
- Eligible for COBRA coverage
- Enrolled in COBRA coverage

Employer-Sponsored Insurance

If you have health insurance offered at work, UPP may be able to help you pay your monthly premium.

You may be eligible if you:

- Don't currently have health insurance
- Are eligible to enroll in your employer's health plan

You must apply for UPP before the date that your health insurance coverage begins.

After you enroll in UPP and begin paying your monthly premium, you will receive:

- Up to $150 per adult each month
- Up to $120 per child each month
- Options for your child's dental coverage

COBRA Coverage

COBRA is a federal law. It gives formerly employed individuals the option to temporarily keep their employer-sponsored health insurance. Unfortunately, COBRA can be very expensive because the enrollee must now pay 100% of the cost.

UPP may be able to help you pay a portion of your monthly COBRA premium.

You may be eligible if you:

- Are already enrolled in COBRA coverage
- Are eligible to enroll in COBRA coverage

After you enroll in UPP and begin paying your COBRA premium, you will receive:

- Up to $150 per adult each month
- Up to $120 per child each month
- Options for your child's dental coverage
