

# We KNOW Kids! We HELP Kids With Autism!

Kids On The Move has been helping families and children succeed for over 26 years!!

Our Bridges Program specializes in helping kids with autism progress and succeed.

Our philosophy is to combine our expertise with best practice behavioral techniques to help parents create a magical environment for their child to flourish and improve. We believe in empowering parents and families, one kid at a time.

Our expert and highly trained behavioral staff will help you with everyday situations such as:

- *Potty training*
- *Night-time routines*
- *Functional language*
- *Meaningful life skill development*
- *Social awareness and engagement*
- *Public behavior issues*

What We Offer:

- *Highly trained behavioral staff of BCBA's and ABA tutors*
- *Engaging and individualized in-home therapy sessions*
- *Real time access to data tracking methodologies*
- *Regular parent and team meetings*

Joining Bridges provides you with immediate access to other parents in similar situations and free parent classes on autism topics and behavioral techniques.

*We give parents tools to support your child and increase the opportunities for your whole family to grow and develop.*
