

# DNA DAY EVENTS 2008

CELEBRATE DNA DAY BY JOINING US DURING THE MONTH OF APRIL FOR ANY OR ALL OF THESE FUN ACTIVITIES!

## **The Power of DNA: Discovering Lost and Hidden Relationships**

April 11, 10-11 AM, Family History Library (35 North West Temple)

Presented by the Sorenson Molecular Genealogy Foundation

## **I'm Into Your Genes: A day in the life of a genetic counselor**

April 10, 4 PM, Huntsman Cancer Institute, George S. and Dolores Dore Eccles Auditorium, 6th floor

Presented by Vickie Venne, Licensed Genetic Counselor

## **"Ghost in Your Genes" movie premier**

April 16, 12-1 PM, Room 132, Utah Department of Health

Watch a special NOVA series, "Ghost in Your Genes," and discussion on the fascinating science of epigenetics. Epigenetics will help us understand how our environment interacts with our genes to affect our health.

## **PERSONALIZED MEDICINE OVER THE WEB: WHAT IS NEW? WHAT IS AVAILABLE? WHAT IS FOR REAL?**

April 23, 12-1 pm, MacKay Dee Hospital, East auditorium

Presented by Intermountain Healthcare Clinical Genetics Institute

## **PERSONALIZED MEDICINE OVER THE WEB: WHAT IS NEW? WHAT IS AVAILABLE? WHAT IS FOR REAL?**

April 24, 12:30 - 1:30 pm, Intermountain Medical Center, East auditorium

Presented by Intermountain Healthcare Clinical Genetics Institute

## **"Horton Hears About Hereditary Cancer" brown bag presentation**

April 25, 12-1 PM, Room 125, Utah Department of Health

Video conferencing available, contact Ali Martin at [alimartin@utah.gov](mailto:alimartin@utah.gov) for more information.

## **"DNA: SECRET OF PHOTO 51" SCIENCE MOVIE NIGHT**

May 6, 6:30 PM, Salt Lake City Main Library (210 East 400 South) main floor auditorium

Join us for a FREE movie to celebrate DNA Day. Louisa Stark, Director of the Genetic Science Learning Center, will be on hand to talk about the fascinating discovery of DNA.
