

# Diapering Procedure

---

1. **Bring** child to the changing station.
2. **Unfasten** the soiled diaper.
3. **Clean** the child from front to back.
4. **Discard** the soiled diaper and wipes in a plastic-lined, covered container.
5. **Remove** and discard disposable gloves, if they were used.
6. **Place** a clean diaper under the child and fasten the clean diaper.
7. **Wash** the child's hands if they touched urine or feces during the diaper change.
8. **Clean** the diaper changing surface.
9. **Sanitize** the diaper changing surface.
10. **Wash** your hands.
