Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors.

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

The purpose of the waiver for Individuals Age 65 or Older (hereafter referred to as the Aging Waiver) is to offer services to individuals age 65 or older that meet the eligibility criteria of the waiver. The waiver gives this population the option to remain in a home and community based setting of their choice rather than ~~an institution~~ a facility.

The Department of Health, Division of Medicaid and Health Financing, is the Administrative Agency for this waiver while the Department of Human Services, Division of Aging and Adult Services (DAAS), is the Operating Agency (OA). The functions of both of these agencies are specified in Appendix A of this application. DAAS in turn contracts with eleven Area Agencies on Aging (AAA) to assist them in their activities.

The Aging waiver ~~for Individuals Age 65 or Older~~ offers both consumer directed services, as well as the traditional method of service delivery.

3. Components of the Waiver Request

The waiver application consists of the following components. *Note: Item 3-E must be completed.*

- A. Waiver Administration and Operation.** Appendix A specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility.** Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services.** Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.
- D. Participant-Centered Service Planning and Delivery.** Appendix D specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).
- E. Participant-Direction of Services.** When the State provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. *(Select one):*

<input checked="" type="checkbox"/>	Yes. This waiver provides participant direction opportunities. <i>Appendix E is required.</i>
<input type="checkbox"/>	No. This waiver does not provide participant direction opportunities. <i>Appendix E is not required.</i>

- F. Participant Rights.** Appendix F specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
- G. Participant Safeguards.** Appendix G describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.
- H. Quality Improvement Strategy.** Appendix H contains the Quality Improvement Strategy for this waiver.
- I. Financial Accountability.** Appendix I describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.
- J. Cost-Neutrality Demonstration.** Appendix J contains the State’s demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

- A. Comparability.** The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in **Appendix C** that are not otherwise available under the approved Medicaid State plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in **Appendix B**.
- B. Income and Resources for the Medically Needy.** Indicate whether the State requests a waiver of §1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):

<input type="radio"/>	Not Applicable
<input type="radio"/>	No
<input checked="" type="radio"/>	Yes

- C. Statewide.** Indicate whether the State requests a waiver of the state wideess requirements in §1902(a)(1) of the Act (*select one*):

<input checked="" type="radio"/>	No
<input type="radio"/>	Yes

If yes, specify the waiver of state wideess that is requested (*check each that applies*):

<input type="checkbox"/>	<p>Geographic Limitation. A waiver of statewideess is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the State.</p> <p><i>Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:</i></p>
<input type="checkbox"/>	<p>Limited Implementation of Participant-Direction. A waiver of state wideess is requested in order to make <i>participant direction of services</i> as specified in Appendix E available only to individuals who reside in the following geographic areas or political subdivisions of the State. Participants who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State.</p> <p><i>Specify the areas of the State affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:</i></p>

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

- A. Health & Welfare:** The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
 1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 2. Assurance that the standards of any State licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable State standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
 1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community-based waiver services.

Appendix B specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- E. Average Per Capita Expenditures:** The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.
- G. Institutionalization Absent Waiver:** The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- H. Reporting:** The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan

State:	
Effective Date	

and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.

- I. Habilitation Services.** The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.
- J. Services for Individuals with Chronic Mental Illness.** The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR §440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan.** In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- B. Inpatients.** In accordance with 42 CFR §441.301(b)(1)(ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/IID.
- C. Room and Board.** In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- D. Access to Services.** The State does not limit or restrict participant access to waiver services except as provided in **Appendix C**.
- E. Free Choice of Provider.** In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.
- F. FFP Limitation.** In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.
- G. Fair Hearing:** The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.
- H. Quality Improvement.** The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity

State:	
Effective Date	

and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified throughout the application and in **Appendix H**.

I. Public Input. Describe how the State secures public input into the development of the waiver:

To begin the process of drafting a renewal application, the State Medicaid Agency convened a workgroup comprised of advocates, providers and staff from both the Bureau of Authorization and Community Based Services, Utah Department of Health, and the Division of Aging and Adult Services, Utah Department of Human Services. The workgroup convened as part of the drafting process participated in three workgroup sessions. Utilizing feedback from the group, proposed changes were implemented into a draft renewal application.

The State met with the Utah Indian Health Advisory Board (UIHAB) on January 9, 2015 to describe the proposed changes to the waiver. The Medical Care Advisory Committee (MCAC) was also notified of the upcoming renewals on January 19, 2015. On February 13, 2015 the full draft renewal application was then sent to a wide network of providers, consumers, governmental entities and other interested parties including the UIHAB, MCAC, Utah Legislative Coalition, Utah Statewide Independent Living Council and the Utah Disability Law Center for review. The proposed renewal application was also posted on the State Medicaid Agency's website at <http://www.health.utah.gov/ltc/>. Notification was also published in the newspaper to help make the public aware of the applications and how to submit public comment.

J. Notice to Tribal Governments. The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date as provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

K. Limited English Proficient Persons. The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

8. Authorizing Signature

This document, together with Appendices A through J, constitutes the State's request for a waiver under §1915(c) of the Social Security Act. The State assures that all materials referenced in this waiver application (including standards, licensure and certification requirements) are *readily* available in print or electronic form upon request to CMS through the Medicaid agency or, if applicable, from the operating agency specified in Appendix A. Any proposed changes to the waiver will be submitted by the Medicaid agency to CMS in the form of waiver amendments.

Upon approval by CMS, the waiver application serves as the State's authority to provide home and community-based waiver services to the specified target groups. The State attests that it will abide by all provisions of the approved waiver and will continuously operate the waiver in accordance with the assurances specified in Section 5 and the additional requirements specified in Section 6 of the request.

Attachment #1: Transition Plan

Specify the transition plan for the waiver:

--

State:	
Effective Date	

Attachment #2: Home and Community-Based Settings Waiver Transition Plan

Specify the state's process to bring this waiver into compliance with federal home and community-based (HCB) settings requirements at 42 CFR 441.301(c)(4)-(5), and associated CMS guidance.

Consult with CMS for instructions before completing this item. This field describes the status of a transition process at the point in time of submission. Relevant information in the planning phase will differ from information required to describe attainment of milestones.

To the extent that the state has submitted a statewide HCB settings transition plan to CMS, the description in this field may reference that statewide plan. The narrative in this field must include enough information to demonstrate that this waiver complies with federal HCB settings requirements, including the compliance and transition requirements at 42 CFR 441.301(c)(6), and that this submission is consistent with the portions of the statewide HCB settings transition plan that are germane to this waiver. Quote or summarize germane portions of the statewide HCB settings transition plan as required.

Note that Appendix C-5 HCB Settings describes settings that do not require transition; the settings listed there meet federal HCB setting requirements as of the date of submission. Do not duplicate that information here.

Update this field and Appendix C-5 when submitting a renewal or amendment to this waiver for other purposes. It is not necessary for the state to amend the waiver solely for the purpose of updating this field and Appendix C-5. At the end of the state's HCB settings transition process for this waiver, when all waiver settings meet federal HCB setting requirements, enter "Completed" in this field, and include in Section C-5 the information on all HCB settings in the waiver.

The SMA will complete the HCBS Settings Transition Plan for the Aging Waiver in a manner consistent with the overall approach developed and submitted to CMS in the Statewide HCBS Transition Plan. The Statewide HCBS Transition Plan will be submitted to CMS on March 17, 2015.

An overview of this plan is as follows:

Public Notice and Comment Process:

1. Following the development/posting of the initial plan on October 22, 2014 the SMA accepted public comment through December 1, 2014.
2. Based on the feedback received, the SMA has completed revisions to the draft plan. A revised draft was posted for comment on February 2, 2015. Comment will be accepted for an additional 30 day period and will end on March 5, 2015. Any future iterations of the plan will be made available for public comment for a minimum of 30 days with notice provided through various channels including: Newspaper articles; online forums such as emails/listservs/websites as well as hard copies.
3. The State will solicit public input on assessment and remediation tools as they are developed.

State:	
Effective Date	

4. The SMA will retain and summarize all public comment received and modify the Transition Plan as it deems appropriate. These summaries are provided to CMS with an explanation of whether comments received led to modifications in the Transition Plan.

Assessment Process:

1. The SMA will establish a Workgroup that will meet periodically to review draft documents, including evaluations tools, interim reports and progress through the stages of the Transition Plan. This group will be used to reach out to a broader group of stakeholders for feedback and to assist in the participation of public comment opportunities. The first meeting of this group is scheduled to be held on February 25, 2015.
2. The SMA conducted a review of HCBS Waiver sites of services and made preliminary categorization. The SMA has reported the results of the review of AW providers in the *Additional Needed Information (Optional)* section below.
3. State will send an informational letter to providers that describes appropriate HCBS setting requirements, transition plan assessment steps that will include State review and provider self-assessment. Letter will describe provider's ability to remediate issues to come into compliance within deadlines and that technical assistance will be available throughout the process.
4. Utilizing tools from the CMS HCBS Settings Review Toolkit, The SMA will complete a categorization of settings to determine sites likely to be Fully Compliant, Not Yet Compliant or Not Compliant with HCBS characteristics. This process will include determining sites that are presumed to have institution like qualities. These sites will be identified as requiring heightened scrutiny.
5. The SMA will create a Provider Self-Assessment Tool which will include questions to identify sites that may be presumed to have institutional like qualities. Providers categorized as Not Yet Compliant or Not Compliant will be required to complete and submit the results of their self-assessment to the SMA.
6. The SMA will modify tools used in contract/certification/licensing reviews of providers categorized as Not Yet Compliant or Not Compliant as well as for periodic reviews of existing and new providers to ensure compliance with the HCBS settings requirements. Tools will be modified to review compliance of enrolled providers on an ongoing basis thereafter.
7. A final categorization Compliant/Not Yet Compliant (including those requiring heightened scrutiny)/Not Compliant will be completed for all providers. Notification of these results will be given to each provider.

Remediation Strategies:

1. The SMA will modify HCBS Waiver provider enrollment documents to provide education and assure compliance with HCBS setting requirements prior to enrolling new providers. This process will include provider acknowledgement of the settings requirements. HCBS Provider Manuals will be revised to incorporate the settings requirements and clarify requirements in person-centered planning.
2. Based on the individual provider assessments the SMA, providers and stakeholders

State:	
Effective Date	

- will collaborate to create a remediation plan for the provider, establish timelines and monitor progress made towards compliance.
3. For individual waiver clients, any modifications of conditions under 42 CFR §441.301 (c)(4)(vi)(A) through (D) are supported by a specific assessed need and justified in the individual client's person-centered service plan.
 4. A determination/final disposition of sites identified as requiring heightened scrutiny will be completed.
 5. The SMA will create a system to track provider progress toward, and completion of, individual remediation plan. The system will have the ability to show compliance by individual waiver and for all HCBS waiver programs.
 6. On-site reviews will be conducted for providers who have completed their remediation plans utilizing the compliance tools developed. The SMA will disenroll and/or sanction providers that have failed to implement the individual provider remediation plan or those determined through the heightened scrutiny process to have institutional like qualities that cannot be remediated.

Quarterly updates will be provided to CMS, providers and stakeholders until the remediation strategies have been completed.

Additional Needed Information (Optional)

Provide additional needed information for the waiver (optional):

The State conducted its preliminary categorization by describing services as either “presumed to be compliant” or “requires additional review”. In addition, a listing of provider types and the number of providers has been supplied to help assess the scope of the in-depth reviews that will occur in the upcoming months.

The Department of Health took a conservative approach when designating providers as “presumed to be compliant”. The State only identified services as “presumed to be compliant” when the services are not dependent on the setting and that are direct services provided to the waiver participant. In addition, providers that offer multiple types of services, were categorized as “requires additional review” if the provider had any possibility of providing a service that may not be compliant.

Providers Presumed to be Compliant:

Financial Management Services (3 Providers)

Financial Management Services are provided in support of self-directed or self-administered services (SAS). Services delivered through the SAS method enable the participant maximum flexibility in hiring staff or their choosing. In the Aging Waiver, Personal Care Services are available through SAS.

Home Health Agency (135 Providers)

Home Health Agency Services are provided in the home to assure the participant’s health and safety in a manner that promotes independence.

Transportation Services (41 Providers)

Non- Medical Transportation Services are provided to assist the participant in accessing the community.

Medical Equipment Supplier (10 Providers)

Medical Equipment Supplies are provided in the home and community to assure the participant’s health and safety in a manner that promotes independence.

Emergency Response Services (50 Providers)

Emergency Response Services are provided in the home to assure the participant’s health and safety in a manner that promotes independence.

Home Delivered Meals (12 Providers)

Home Delivered Meals are provided in the home to assure the participant’s nutritional health in a manner that promotes independence.

Personal Care Provider (202 Providers)

Personal Care Services are provided in the home to assure the participant’s health and safety in a manner that promotes independence.

State:	
Effective Date	

Home and Vehicle Modifications (4 Providers)

Home and Vehicle Modifications are provided in the home and community to assure the participant's health and safety in a manner that promotes independence.

Case Management Agency (24 Providers)

Case Management Agency Services are services provided to coordinate the array of services the participant receives. Services are provided to the participant and are not dependent on a setting.

Facility Based Respite Services (21 Providers)

Facility-based respite services are provided to give temporary relief to the primary caregiver. This service is time limited (less than 14 days) and is allowed to be provided in a facility-based setting.

Providers Requiring Additional Review:

Adult Day Care (16 Providers)

These services may be provided in settings that are not yet compliant. The state will conduct additional evaluations of each provider and setting to determine whether the setting is compliant with new regulations, and identify what (if any) remediation steps will be required to bring the setting into compliance.

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

<input type="radio"/>	The waiver is operated by the State Medicaid agency. Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (<i>select one</i>):	
<input type="radio"/>	The Medical Assistance Unit (<i>specify the unit name</i>) (<i>Do not complete Item A-2</i>)	
<input type="radio"/>	Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit. Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency. (<i>Complete item A-2-a</i>)	
<input checked="" type="radio"/>	The waiver is operated by a separate agency of the State that is not a division/unit of the Medicaid agency. Specify the division/unit name:	
	The Division of Aging and Adult Services	
	In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. (<i>Complete item A-2-b</i>).	

2. Oversight of Performance.

a. Medicaid Director Oversight of Performance When the Waiver is operated by another Division/Unit within the State Medicaid Agency. When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities.

State:	
Effective Date	

b. Medicaid Agency Oversight of Operating Agency Performance. When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:

An interagency agreement between the ~~State Medicaid Agency (SMA)~~ and ~~the Division of Aging and Adult Services (DAAS)~~ sets forth the respective responsibilities for the administration and operation of this waiver. This agreement runs for five year periods, but can be amended as needed.

The agreement delineates the SMA's overall responsibility to provide management and oversight of the waiver, as well as DAAS' operational and administrative functions.

The responsibilities of the ~~Operating Agency~~ are delegated as follows. Most of the responsibilities are shared with the SMA:

1. Program Development
2. Rate Setting and Fiscal Accountability
3. Program Coordination, Education and Outreach
4. HCBS Waiver Staffing Assurances
5. Eligibility Determination and Waiver Participation Assurances
6. Waiver Participant Participation in Decision Making
7. Hearings and Appeals
8. Monitoring, Quality Assurances and Quality Improvement
9. Reports

The SMA monitors the interagency agreement through a series of quality assurance activities, provides ongoing technical assistance and reviews and approves all rules, regulations and policies that govern the waiver operations. There is a formal program review conducted annually by the SMA's Quality Assurance Team. If ongoing or formal annual reviews conducted by the SMA's Quality Assurance Team reveal concerns with compliance, DAAS is required to develop plans of correction within specific time frames to correct the ~~problems~~QA team's findings. The Quality Assurance Team conducts follow up activities to ensure that corrections are sustaining.

3. Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

<input type="radio"/>	Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable). Specify the types of contracted entities and briefly describe the functions that they perform. <i>Complete Items A-5 and A-6.</i>

4. Role of Local/Regional Non-State Entities. Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select one*):

<input type="radio"/>	Not applicable
<input type="radio"/>	Applicable - Local/regional non-state agencies perform waiver operational and administrative functions. Check each that applies:
<input type="checkbox"/>	Local/Regional non-state public agencies conduct waiver operational and administrative functions at the local or regional level. There is an interagency agreement or memorandum of understanding between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state agency that sets forth the responsibilities and performance requirements of the local/regional agency. The interagency agreement or memorandum of understanding is available through the Medicaid agency or the operating agency (if applicable). <i>Specify the nature of these agencies and complete items A-5 and A-6:</i>
<input type="checkbox"/>	
<input checked="" type="checkbox"/>	Local/Regional non-governmental non-state entities conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The contract(s) under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable). <i>Specify the nature of these entities and complete items A-5 and A-6:</i>
<input type="checkbox"/>	

5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities. Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

~~The Division of Aging and Adult Services (DAAS)~~ monitors and audits each ~~Area Agency on Aging (AAA)~~. DAAS also reviews ~~L~~level of ~~C~~care determinations, InterRAI MINIMUM DATA SET – HOME CARE assessments and ~~e~~Care ~~p~~Plans. DAAS also tracks expenditures statewide; signs off on all reasonable and approved administrative expenses incurred by each AAA and checks to make sure all providers are qualified to provide the services they provide.

6. Assessment Methods and Frequency. Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

~~The Division of Aging and Adult Service (DAAS)~~ monitors and audits each ~~Area Agency on Aging (AAA)~~ on at least an annual basis. The results of the monitoring and auditing of each AAA; are detailed in AAA monitoring and audit reports that DAAS compiles and sends on to the ~~State Medicaid Agency (SMA)~~ for ~~their~~ ~~its~~ review. DAAS also reviews 100% of the ~~L~~level of ~~C~~care determinations, InterRAI MINIMUM DATA SET – HOME CARE assessments and ~~e~~Care ~~p~~Plans for all ~~participant~~~~clients~~ statewide. DAAS also tracks

expenditures statewide on at least a monthly basis, signs off on all reasonable and approved administrative expenses incurred by each AAA on a monthly basis and checks all providers initially, when they get their Medicaid number and annually thereafter, to make sure they are qualified to provide services.

7. Distribution of Waiver Operational and Administrative Functions. In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. *Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.*

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.-

i Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. As necessary and applicable, performance measures should focus on:

- *Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver*
- *Equitable distribution of waiver openings in all geographic areas covered by the waiver*
- *Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014).*

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:#1	Number and percentage of waiver applications, waiver amendments, rules and other official documents that demonstrate the SMA and DAAS collaborate in the development, administration and operation of the waiver. - ii If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The SMA demonstrates ultimate administrative authority and responsibility for the operation of the Aging waiver program through numerous activities including the issuance of policies, rules and regulations relating to the waiver and the approval of all protocols, documents and trainings that affect any aspect of the Aging waiver operations. Approvals are accomplished through a formal document approval process. The SMA also conducts quarterly meetings with DAAS (the operating agency), monitors compliance with the Interagency Agreement, receives and reviews executive summary and financial audit reports which profile quality assurances reviews conducted by DAAS on each of the AAA and provides technical assistance to the operating agency and other entities within the state that affect the operation of the Aging waiver program. The SMA conducts an annual review of the Aging waiver program for each

State:	
Effective Date	

of the five waiver years. At a minimum, one comprehensive review will be conducted during this five year cycle. The comprehensive review will include participant and provider interviews. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DAAS and SMA review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5. The SMA is the entity responsible for official communication with CMS for all issues related to the Aging waiver.

b. Methods for Remediation/Fixing Individual Problems

i Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

Individual issues identified by DAAS and the SMA that affect the health and welfare of individual participants are addressed immediately. Issues requiring immediate attention are addressed in a variety of ways. Depending on the circumstances of the individual case the interventions could include: contacting the OA, Case Management Agency and/or direct care provider agencies requiring an immediate review and remediation of the issue, reporting the issue to APS and/or local law enforcement or the state’s Medicaid Fraud Control Unit, the licensing authority or the survey/certification authority. To assure the issue has been addressed, entities assigned the responsibility of review and remediation, are required to report back to the OA or SMA on the results of their interventions within designated time frames. A description of issues requiring immediate attention and outcomes are documented through the SMA final report. Issues that are less immediate are corrected within designated time frames and are documented through the SMA final review report. When the SMA determines that an issue is resolved, notification is provided and documentation is maintained by the SMA.

Appendix B-5: Post-Eligibility Treatment of Income

In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group. A State that uses spousal impoverishment rules under §1924 of the Act to determine the eligibility of individuals with a community spouse may elect to use spousal post-eligibility rules under §1924 of the Act to protect a personal needs allowance for a participant with a community spouse.

a. Use of Spousal Impoverishment Rules. Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217 (*select one*):

<input checked="" type="checkbox"/>	Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group. d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan. Appendix B-6: Evaluation / Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

- a. Reasonable Indication of Need for Services.** In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for waiver services:

i.	Minimum number of services.	The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:
	One	
ii.	Frequency of services.	The State requires (select one):
<input checked="" type="checkbox"/>	The provision of waiver services at least monthly	
<input type="checkbox"/>	Monthly monitoring of the individual when services are furnished on a less than monthly basis	If the State also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

- b. Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (*select one*):

<input type="checkbox"/>	Directly by the Medicaid agency	
<input type="checkbox"/>	By the operating agency specified in Appendix A	
<input checked="" type="checkbox"/>	By an entity under contract with the Medicaid agency.	Specify the entity:
		The local/regional non-governmental non-state entities which consist of eleven AAAsrea Agencies on Aging (AAA) , through contract with the DAASivision of Aging and Adult Services (the operating agency) , perform the level of care evaluations, and reevaluations <u>as well as the level of care supplements.</u>
<input type="checkbox"/>	Other	Specify:

- c. Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

Registered Nurse, ~~or~~ Physician or Physician's Assistant licensed in the state.

d. **Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State’s level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

~~Utah Administrative Rule 414-502 defines the State’s level of care for nursing facility care. The rule defines that a client must meet two of the following three criteria:~~

~~The Department shall document that at least two of the following factors exist when it determines whether an applicant has mental or physical conditions that require the level of care provided in a nursing facility or equivalent care provided through a Medicaid Home and Community-Based Waiver program:~~

~~(1a) Due to diagnosed medical conditions, the applicant requires substantial physical assistance with daily living activities above the level of verbal prompting, supervising, or setting up;~~

~~(2b) The attending physician has determined that the applicant's level of dysfunction in orientation to person, place, or time requires nursing facility care; or equivalent care provided through a Medicaid Home and Community- Based Waiver program ; or~~

~~(3c) The medical condition and intensity of services indicate that the care needs of the applicant cannot be safely met in a less structured setting, or without the services and supports of a Medicaid Home and Community- Based Waiver program.~~

e. **Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

<input type="radio"/>	The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.
<input checked="" type="radio"/>	A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan. Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.
	The InterRAI MINIMUM DATA SET - HOME CARE (MDS-HC) is the instrument used to determine the level of care for this waiver. Persons responsible for collecting the needed information and for making level of care determinations are trained by staff of the Division of Aging and Adult Services (DAAS) , in the proper application of the MDS-HC

State:	
Effective Date	

instrument and the proper analysis of the MDS-HC data to perform level of care evaluations.

The MDS-HC is a comprehensive, standardized instrument for evaluating the needs, strengths and preferences of elderly ~~participants~~~~clients~~ in a community setting. The MDS-HC also acts as a screening component that assesses multiple key domains of function, health, social support and service use. Particular MDS-HC items identify ~~participants~~~~clients~~ who could benefit from further evaluation of specific problems and risk for functional decline. The MDS-HC has been designed to be compatible with the family of InterRAI assessment and problem identification tools, which includes the MDS (InterRAI Minimum Data Set) nursing home assessment instrument. Such compatibility promotes continuity of care through a seamless geriatric assessment system across multiple health care settings, and promotes a person-centered evaluation in contradiction to a site-specific assessment.

Accordingly, the main differences between the MDS-HC and the MDS is that the MDS includes assessment information more pertinent to a residential facility setting, addressing structural problems related to performance of ADLs (~~Activities of Daily Living~~) in a facility, activity pursuit patterns, discharge potential and overall status and therapy supplement. Whereas the MDS-HC includes assessment information more pertinent to community living by addressing social functioning, informal support services, preventative health measures, environmental assessment, service utilization of home care services, medications (prescription, non-prescription and herbal), resource/support and services assessment and information, social resource assessment, caregiver assessment, social support information, additional medical problems and nurse summary sections.

Despite these differences, both the MDS-HC and MDS assessments help to determine level of care by including basic assessment data related to the individual. This information includes: identification and background information, cognitive patterns, communication/hearing patterns, vision patterns, mood and behavior patterns, physical functioning ~~{(IADL (~~Instrumental Activities of Daily Living~~)) and ADL performance}~~, continence, disease diagnoses, health conditions, nutrition/hydration status, skin condition, special treatments and therapies and programs.

- f. **Process for Level of Care Evaluation/Reevaluation.** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The level of care evaluation process includes the completion of the MDS-HC assessment and the documentation of the level of care determination on the “Level of Care Determination Form”. The AAA staff are responsible for completing the assessment, and for making the initial level of care determination. ~~They~~ are trained by staff ~~at of the Division of Aging and Adult Services~~DAAS or its designee in the proper application of the MDS-HC instrument and the proper analysis of the MDS-HC data to evaluate level of care eligibility. The standard assessment instrument is used for all waiver applicants. ~~The Division of Aging and Adult Services~~DAAS reviews all level of care determinations. The same process is used for reevaluations.

- g. **Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

<input type="radio"/>	Every three months
<input type="radio"/>	Every six months
<input type="radio"/>	Every twelve months
<input checked="" type="radio"/>	Other schedule <i>Specify the other schedule:</i>
	The individual's level of care is screened at the time a substantial change in the individual's health status occurs, to determine whether the individual continues to meet nursing facility level of care, including at the conclusion of an inpatient stay in a medical institution <u>facility</u> .
	A full level of care reevaluation is conducted whenever indicated by a health status change screening or and at a minimum of annually (within the same calendar month as the previous assessment).

- h. **Qualifications of Individuals Who Perform Reevaluations.** Specify the qualifications of individuals who perform reevaluations (*select one*):

<input checked="" type="radio"/>	The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.
<input type="radio"/>	The qualifications are different. <i>Specify the qualifications:</i>

- i. **Procedures to Ensure Timely Reevaluations.** Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care (*specify*):

The AAA staff are responsible for the completion of level of care reevaluations have established a "tickler" file process in which a list is generated that shows all the files that are due for reevaluation during a given month.
--

- j. **Maintenance of Evaluation/Reevaluation Records.** Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

Records of level of care evaluations and reevaluations will be maintained in the participant's waiver case record maintained by the case management agency.

Quality Improvement: Level of Care

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

- a. Methods for Discovery: **Level of Care Assurance/Sub-assurances**

State:	
Effective Date	

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant's/waiver participant's level of care consistent with level of care provided in a hospital, NF or ICF/IID.

i. Sub-assurances:

a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

ii If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

All individuals who request Aging waiver services are pre-assessed by an intake worker at each AAA using the Aging waiver Demographic *Intake and Risk Screening Form*. This form is used to determine if an individual is likely to meet nursing facility level of care eligibility. The individuals who are likely to meet nursing facility level of care are placed on an applicant list. Individuals who do not meet the minimum requirements are referred to other programs. Within two weeks of the availability of a slot and funding to accompany it, applicants who meet minimum requirements are evaluated by an R.N. using the *Minimum Data Set for Home Care (MDS-HC)* tool to determine if the applicant meets nursing facility level of care. Based on the MDS-HC assessment, the level of care criteria is documented on the *Level of Care Determination Form*.

All initial level of care evaluations and annual re-evaluations are submitted to the DAAS Aging waiver Program Manager for review and approval. The Program Manager reviews all initial level of care evaluations and annual re-evaluations for eligibility and completeness of information. When insufficient information is submitted to support the level of care determination, the Program Manager will request additional information from the R.N., which will result in approval or denial of eligibility. Enrollment in the Aging waiver program is permitted only after the date the applicant has been determined to meet both eligibility for the Medicaid program and the date nursing facility LOC has been determined. Form 927 “Home and Community-Based Waiver Referral Form” is used to document these dates.

The SMA conducts an annual review of the Aging waiver program for each of the five waiver years. At a minimum, one comprehensive review will be conducted during this five year cycle. The comprehensive review will include participant and provider interviews. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DAAS and SMA review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence

level equal to 95% and a confidence interval equal to 5.

b. Methods for Remediation/Fixing Individual Problems

i Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

Individual issues identified by the SMA and DAAS that affect the health and welfare of individual participants are addressed immediately. Issues requiring immediate attention are addressed in a variety of ways. Depending on the circumstances of the individual case the interventions could include: contacting the OA, case management and/or direct care provider agencies requiring an immediate review and remediation of the issue, reporting the issue to APS and/or local law enforcement or the state’s Medicaid Fraud Control Unit, the licensing authority or the survey/certification authority. To assure the issue has been addressed, entities assigned the responsibility of review and remediations are required to report back to the OA or SMA on the results of their interventions within designated time frames. A description of issues requiring immediate attention and outcomes are documented through the SMA final report. Issues that are less immediate are corrected within designated time frames and are documented through the SMA final review report. When the SMA determines that an issue is resolved, notification is provided and documentation is maintained by the SMA.

Appendix B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
 - ii. given the choice of either institutional or home and community-based services.
- a. Procedures.** Specify the State’s procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Freedom of choice between ~~institutional~~ care in a facility and home and community-based waiver service is documented by the appropriate ~~Area Agency on Aging (AAA)~~ on the form entitled Documentation of LTC Program Choice and Right to Fair Hearing which is reviewed with the ~~participant client~~ and signed by the ~~participant client~~ or their representative. The form is also reviewed by ~~the Division of Aging and Adult Services (DAAS)~~ as part of its annual monitoring and auditing of each AAA. The results of the monitoring and auditing, of each AAA, are detailed in the AAA monitoring and audit reports that DAAS compiles and sends on to the ~~State Medicaid Agency (SMA)~~ for its review.

Freedom of choice procedures:

1. The AAA, with designated operating agency functions, will offer the choice of waiver services when:
 - a. The individual's needs assessment indicates the services the individual requires can be met in the community,
 - b. The care plan has been agreed to by all and
 - c. The health and welfare of the individual can be adequately protected in relation to the delivery of waiver services and supports.

State:	
Effective Date	

2. The SMA will provide an opportunity for a fair hearing, under 42 CFR Part 431, subpart E, to beneficiaries who are not given the choice of home or community-based services as an alternative to the ~~institutional-facility-based~~ care specified for this request, or who are denied waiver service(s) or waiver provider(s).

- b. **Maintenance of Forms.** Per 45 CFR § 92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

Freedom of Choice forms are found in each ~~client's-participant's~~ file, located in the ~~Area Agency on Aging (AAA)~~ in which they are enrolled as a participant.

Appendix B-8: Access to Services by Limited English Proficient Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services “Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons” (68 FR 47311 - August 8, 2003):

Medicaid providers are required to provide foreign language interpreters for Medicaid clients who have limited English proficiency. Waiver ~~participants~~ ~~clients~~ are entitled to the same access to an interpreter to assist in making appointments for qualified procedures and during those visits. Providers must notify ~~participants~~ ~~clients~~ that interpretive services are available at no charge. The SMA encourages ~~participants~~ ~~clients~~ to use professional services rather than relying on a family member or friend though the final choice is theirs. Using an interpretive service provider ensures confidentiality as well as the quality of language translation.

Information regarding access to Medicaid Translation Services is included in the Medicaid Member Guide distributed to all Utah Medicaid recipients. Eligible individuals may access translation services by calling the Medicaid Helpline.

Service Definition (Scope):	
<p>Community Transition Services include non-recurring expenses which allow for the provision of essential household items and/or services necessary to maintain health and welfare and to establish or maintain community living. Essential household items or services may include basic furnishings, cleaning devices and supplies and kitchen and bathroom equipment and goods. This service includes moving expenses required to occupy and use the residence. This service also includes one-time non-refundable fees to establish utility services and other services essential to the operation of the residence.</p>	
Specify applicable (if any) limits on the amount, frequency, or duration of this service:	
<p>Limitations: Community Transition Services will not provide reimbursement for the cost of rent or food. Reimbursable items or services are limited to only those household items that are essential and are not covered under any other service available in the waiver. Reimbursement for the cost of refundable fees or deposits is not a covered expense under this service.</p> <p>Community Transition Services may not be used to pay for furnishing living arrangements that are owned or leased by a waiver provider where the provision of these items and services are inherent to the service they are already providing. Likewise, Community Transition Services may not be used to pay for items that are the responsibility of the landlord or property owner.</p> <p>This service is a non-recurring set up expense for individuals transitioning from a facility an institution or another provider-operated living arrangement to a living arrangement in a private residence where they are directly responsible for their own living expenses.</p> <p>General Limitations: Each service exceeding \$1,000.00 must be prior approved by the Division of Aging and Adult Services based on a determination of necessity and confirmation that no other payment source is available.</p> <p>Service Limit: The maximum allowable cost per service is \$2,000.00. At the point a waiver participant reaches the service limit, the Division of Aging and Adult Services will conduct an evaluation to determine how the individual's health and welfare can continue to be assured through authorization for additional service beyond the limit or alternative arrangements that meet the individual's needs while remaining in a community setting.</p>

Appendix C: Participant Services
 HCBS Waiver Application Version 3.5

Category 2:	Sub-Category 2:
Category 3:	Sub-Category 3:
Category 4:	Sub-Category 4:

Service Definition (Scope):

Personal Attendant Services include physical and/or cognitive assistance with eating, bathing, dressing, personal hygiene, and activities of daily living. This service may also include assistance with preparation of meals, but does not include the cost of the meals themselves, homemaker services or chore services. It is acceptable to arrange for Personal Attendant ~~s~~Services to be provided during periods when the primary, unpaid caregiver is away. Thus serving a secondary purpose of providing respite, as a self-administered service, to the caregiver. Specific services outlined in the care plan must be coordinated with available State Plan personal care services and other covered waiver services to prevent duplication of services (i.e., having a service provided, such as homemaking through a traditional provider, and then duplicating that service by having a Personal Attendant provide it too). This covered waiver service may be provided via a participant-directed approach or the traditional provider method.

Participant-directed services method: The individual or another duly appointed party, under applicable laws of the State, exercises control over specified staffing decisions relating to his or her personal attendant, including control over the selection and retention of the personal attendant, supervision of the attendant’s activities and verification of the personal attendant’s time sheet. Providers of Personal Attendant Services may include agency-employed staff when the agency agrees to support the individual’s control over specified staffing decisions relating to his or her personal attendant provided by the agency in keeping with the participant-directed services method.

In the case of an individual who cannot direct his or her own personal attendant, another person may be appointed as the decision-maker in accordance with applicable State law. The appointed person must perform supervisory activities at a frequency and intensity specified in the Designation of Personal Representative Agreement form. The individual or appointed person may also train the attendant to perform assigned activities.

~~Traditional services method: Individuals not using the participant directed services method may choose a personal care agency or home health agency as the service provider.~~

Waiver enrollees determined to need the types of services provided by the Personal Attendant Services category will be informed of the opportunity to receive the service through the participant-directed services method. Information will include the option to directly employ the personal attendant or to utilize an agency-employed personal attendant, and the scope and nature of the Fiscal Management Agency that is used when the personal attendant is directly employed.

A case file notation will be made regarding the adequacy of the services provided, any training or retraining necessary, and the continued appropriateness and feasibility of the attendant providing

State:	
Effective Date	

services. The **eCase mManager** will arrange with provider agencies for all training needs of the personal attendants.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations:

General Limitations: In certain cases, an individual may be ~~deemed determined~~ unable to adequately perform necessary supervisory activities when circumstances render the Personal Representative incapable of performing the supervisory activities that are in the best interest of the ~~participant~~ **participant/lieht**. In the event it is determined that the individual is unable to adequately perform necessary supervisory activities and has no qualified appointed person to direct the personal attendant, alternative waiver services will be arranged by the local/regional non-state entities utilizing appropriate agencies. Persons having case management involvement with the individual may not serve as surrogates responsible for directing the activities of the personal attendant. Payment will not be made for services furnished by the individual's spouse or other individuals who have a legal responsibility to furnish the services.

Personal Attendant **sServices** are to be a supplement to State plan Personal Care services and the amount, duration, and frequency of **pPersonal aAttendant sServices** must take into account full utilization of State plan personal care services. Medicaid reimbursement is not available for Personal Attendant **sServices** performed for other members of the family. Personal Attendant **sServices** will not be provided when the involved activities duplicate activities concurrently being provided through another covered waiver service. Respite services may not be provided to give respite to the paid provider of Personal Attendant **sServices**. Multiple personal attendants may be hired to assure the needed amount of Personal Attendant **sServices** is provided (i.e., there may be more than one provider that delivers services at different times to the same participant to assure coverage of service).

Service Limit: Personal Attendant **sServices** will not exceed five (5) hours per day. At the point a waiver participant reaches the service limit, the local/regional non-state entities will conduct an evaluation to determine how the individual's health and welfare can continue to be assured through a time-limited authorization for additional service beyond the limit until alternative arrangements are made to meet the individual's needs while remaining in a community setting.

Fiscal Management Agency: *When the personal attendant is employed directly by the participant, the individual is required to use a Fiscal Management Agency to assist with managing the employer-related financial responsibilities associated with the participant-directed model.*

- a. Criminal History and/or Background Investigations.** Specify the State’s policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services-(*select one*):

<input checked="" type="radio"/>	<p>Yes. Criminal history and/or background investigations are required. Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):</p> <p style="margin-left: 20px;">UCA 62A-2-120 through 122 and R501-14 of the Utah Human Services Administration requires that all persons having direct access to vulnerable adults, as a personal attendant, must undergo a criminal history/background investigation. If the person has lived in Utah continuously for 5 years or more, a regional check is conducted. For those not having lived in Utah for 5 continuous years a national check through the FBI is conducted.</p> <p style="margin-left: 20px;">The Office of Licensing, an agency within the Utah Department of Human Services, has the responsibility of conducting background checks on all personal attendants who provide waiver Personal Attendant Services. The scope of the investigation includes a check of the State’s adult abuse registries and a Criminal History check through the Criminal Investigations and Technical Services Division of the Department of Public Safety. If a person has lived within two to five years outside the State of Utah or in foreign countries the FBI National Criminal History Records and National Criminal History will be accessed to conduct a check in those states and countries where the person resided.</p> <p style="margin-left: 20px;">No personal attendant will be paid for services rendered until the background investigation is completed and they have received an approved background screening application. Each AAA must annually submit a background screening on each personal attendant providing Personal Attendant Services in their catchment area.</p>
<input type="radio"/>	<p>No. Criminal history and/or background investigations are not required.</p>

- b. Abuse Registry Screening.** Specify whether the State requires the screening of individuals who provide waiver services through a State-maintained abuse registry (*select one*):

<input checked="" type="radio"/>	<p>Yes. The State maintains an abuse registry and requires the screening of individuals through this registry. UCA 62A-2-120 through 122 and R501-14 of the Utah Human Services Administration requires that all persons having direct access to vulnerable adults, as a personal attendant, must undergo an abuse register screening as part of the criminal background investigation.

A designated staff person within DHS, Office of Licensing, completes all screenings. The screening(s), for those receiving Personal Attendant Services, are maintained in the participant file at the AAA in which they are enrolled.

~~The Division of Aging and Adult Services (DAAS)~~ ensures that mandatory screenings have been conducted during its annual monitoring for those individuals who have Personal Attendants.

No. The State does not conduct abuse registry screening.

d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under State law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the State, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. *Select one:*

<input checked="" type="radio"/>	No. The State does not make payment to legally responsible individuals for furnishing personal care or similar services.
<input type="radio"/>	Yes. The State makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services. Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) State policies that specify the circumstances when payment may be authorized for the provision of <i>extraordinary care</i> by a legally responsible individual and how the State ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. <i>Also, specify in Appendix C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the State policies specified here.</i>

e. Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians. Specify State policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

<input type="radio"/>	The State does not make payment to relatives/legal guardians for furnishing waiver services.
<input type="radio"/>	The State makes payment to relatives/legal guardians under <i>specific circumstances</i> and only when the relative/guardian is qualified to furnish services. Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. <i>Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.</i>
<input checked="" type="radio"/>	Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3. Specify the controls that are employed to ensure that payments are made only for services rendered. As per Administrative Rule R539-5-5 Legal guardians and spouses are not permitted to provide waiver services. Relatives, other than those listed above, may provide specified waiver services. The same payment controls are employed as described in Appendix I-1:1. Additionally, to ensure that employed relatives receive payments only for services rendered, the Area Agencies on Aging (AAAs) conduct monthly reviews of all services provided and claims paid. Case Managers (CMs) monitor the quality and delivery of services as defined in the care plan. As the AAAs conduct monthly reviews, if there is

- f. **Open Enrollment of Providers.** Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

All potential providers can access the State Implementation Plan of the ~~waiver for Individuals Age 65 or Older~~ Aging waiver on the ~~World Wide Web~~ internet to see what qualifications they must have to provide a service. They can file for a Medicaid number at any time by filling out the Medicaid Enrollment packet and submitting it to any or all 11 ~~Area Agencies on Aging (AAAs)~~ in which they want to provide services. The AAA(s) then submit(s) the packet to ~~the Division of Aging and Adult Services~~ DAAS who then submits it to Medicaid Enrollment who then issues the provider number.

The Utah Department of Health will enter into a provider agreement with all willing providers who are selected by recipients and meet licensure, certification, competency requirements and all other provider qualifications. These providers must agree to accept the Medicaid rate as payment in full.

Quality Improvement: Qualified Providers

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. **Methods for Discovery: Qualified Providers**

The state demonstrates that it has designed and implemented an adequate system for assuring that all waiver services are provided by qualified providers.

i. **Sub-Assurances:**

a. Sub-Assurance: The State verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

ii If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The SMA conducts an annual review of the Aging waiver program for each of the five waiver years. At a minimum, one comprehensive review will be conducted during this five year cycle. The comprehensive review will include participant and provider interviews. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DAAS and SMA review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

b. Methods for Remediation/Fixing Individual Problems

State:	
Effective Date	

- i Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.*

Individual issues identified by the SMA and DAAS that affect the health and welfare of individual participants are addressed immediately. Issues requiring immediate attention are addressed in a variety of ways. Depending on the circumstances of the individual case the interventions could include: contacting the OA, case management and/or direct care provider agencies requiring an immediate review and remediation of the issue, reporting the issue to APS and/or local law enforcement or the state’s Medicaid Fraud Control Unit, the licensing authority or the survey/certification authority. To assure the issue has been addressed, entities assigned the responsibility of review and remediations are required to report back to the OA or SMA on the results of their interventions within designated time frames. A description of issues requiring immediate attention and outcomes are documented through the SMA final report. Issues that are less immediate are corrected within designated time frames and are documented through the SMA final review report. When the SMA determines that an issue is resolved, notification is provided and documentation is maintained by the SMA.

Additional Limits on Amount of Waiver Services. Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*check each that applies*).

<input checked="" type="radio"/>	Not applicable – The State does not impose a limit on the amount of waiver services except as provided in Appendix C-3.
<input type="radio"/>	Applicable – The State imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; and, (f) how participants are notified of the amount of the limit.

<input type="checkbox"/>	Limit(s) on Set(s) of Services. There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver. <i>Furnish the information specified above.</i>
<input type="checkbox"/>	Prospective Individual Budget Amount. There is a limit on the maximum dollar amount of waiver services authorized for each specific participant. <i>Furnish the information specified above.</i>
<input type="checkbox"/>	Budget Limits by Level of Support. Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services. <i>Furnish the information specified above.</i>

Appendix C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the future.
2. Description of the means by which the SMA ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

Note instructions at Module 1, Attachment #2, HCBS Settings Waiver Transition Plan for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.

As outlined in the HCBS Statewide Settings Transition Plan, the SMA has completed an initial analysis of the services offered on the AW. The SMA has reported the results of the review of AW providers in Module 1, Attachment #2, *Additional Needed Information (Optional)* section.

<input type="radio"/>	Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant. The State has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. <i>Specify:</i>

c. Supporting the Participant in Service Plan Development. Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant’s authority to determine who is included in the process.

State:

- a) The supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process.
 The Home and Community Based Waiver for the Elderly brochure is provided to the participant, and/or family member(s) or legal representative, and lists waiver services that are available.
- b) The participant’s authority to determine who is included in the process.
 The participant has total authority to determine who is included in the process. The nurse completing the assessment explains this authority to the participant and it is documented on the care plan by the participant’s signature.

d. Service Plan Development Process In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant’s needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

- a) Who develops the plan, who participates in the process, and the timing of the plan
 There are 11 AAAs across the state that have designated operating agency functions. The care plan is developed by the Area Agency on Aging (AAA) where the participant lives. Specifically, the R.N. or eCase mManager from the AAA develops the plan with input from the participant, and where applicable, the participant’s family and friends. Within 30-14 calendar days after the full assessment (whether a new assessment or reassessment) a care plan must be developed. For care plans undergoing an annual review, the care plan must be developed within the same calendar month as the previous year’s care plan.
- b) The types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals and health status.
 The InterRAI Minimum Data Set- Home Care (MDS-HC) and supplement are the tools used to assess the participant. Information about the participant is gathered from the participant, their family or friends and their physician when warranted.
- c) How the participant is informed of the services that are available under the waiver;
 The participant is given a brochure, which explains the program and also lists all available services offered. When the eCase mManager meets with the participanteClient, the

State:	
Effective Date	

~~participant client~~ is also given a Provider Choice form listing all available providers for all services in the catchment area.

d) How the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences

Care Plan development is based on the health and other needs identified in the comprehensive assessment. Services are identified on the care plan and are reviewed at a minimum, quarterly. This is to assure that services continue to meet the participant's needs and that they are satisfied with their choice of providers and services.

e) How waiver and other services are coordinated

As part of the care plan development, it is the responsibility of the CM to link the participant with the services identified on the care plan. The CM identifies all resources available to meet these needs, both formal and informal. The CM must also document other resources they attempted to implement, and why these attempts failed and were unavailable before using **Aging** waiver ~~for Individuals Age 65 or Older~~ funds to pay for the service.

f) How the plan development process provides for the assignment of responsibilities to implement and monitor the plan

The CMs will make a monthly contact, either by phone or in person, to monitor the delivery and quality of services provided **as well as and** identify any significant changes in the participant's health and welfare or their circumstances. At a minimum, a quarterly face-to-face visit is required. The quarterly review includes a review of the care plan, health status, mobility, self-care, mental health status and social status of the waiver participants. Additionally, the condition of any medical equipment in the home is evaluated.

g) How and when the plan is updated, including when the participant's needs change.

The care plan is updated at a minimum of annually. The care plan must be developed within the same calendar month as the previous year's care plan. The MDS-HC is administered and a new care plan is developed based on this assessment. If a significant change in the participant's condition occurs at any time prior to the annual review, the CM must notify the R_N_ to screen the level of care to determine if it adequately reflects the participant's condition or if a new MDS-HC needs to be conducted to determine ongoing nursing facility level of care and to determine that all identified needs are and can be met. The care plan is updated, when warranted, by changes in the waiver participant's needs.

- e. **Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

The InterRAI Minimum Data Set- Home Care (MDS-HC) is the screening tool used by

State:	
Effective Date	

the R.N. to assess and document multiple key domains of function, health, social support and service use. It focuses on social functioning, environmental issues, physical functioning, health conditions, service utilization, medications, informal support services, cognitive patterns, communication/hearing patterns, vision patterns, mood and behavior patterns, continence issues, disease diagnoses, nutrition/hydration status, dental status and skin conditions. This information identifies the potential risks facing the participantelient. Formal and/or informal services are then added and documented on the care plan.

If a participant chooses the self-directed model for service delivery, at least one but up to three people are identified to provide back-up services when the regular service provider is unavailable. The backup plan will be reviewed quarterly. A separate plan is developed for situations where the backup plan fails and is documented on the Emergency Back-Up Service Plan form. This separate plan typically lists a traditional provider of the participant's choosing.

- f. **Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

A list of all service providers in the catchment area is given to the participant on at least a yearly basis. Participants are informed that they can change providers at any time.

- g. **Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

The SMA retains final authority for oversight and approval of the service planning process. The oversight function involves, at a minimum, an annual review of a representative sample of waiver enrollee's service plans that will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5. The specific sample of each review is selected based on the identified focus of the review and the number of reviews determined to be necessary to evaluate the waiver's performance. If the sample evaluation identifies system-wide service planning problems, an expanded review is initiated by the SMA.

- h. **Service Plan Review and Update.** The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

<input checked="" type="radio"/>	Every three months or more frequently when necessary
<input type="radio"/>	Every six months or more frequently when necessary
<input type="radio"/>	Every twelve months or more frequently when necessary
<input type="radio"/>	Other schedule <i>Specify the other schedule:</i>

- i. **Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following (*check each that applies*):

Appendix D-2: Service Plan Implementation and Monitoring

- a. **Service Plan Implementation and Monitoring.** Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

a) The entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare.

The ~~e~~Case ~~m~~Management ~~agency~~ is responsible for monitoring the implementation of the care plan and the participant's health and welfare. During the care planning process it is the responsibility of the Case Manager to monitor for non-compliant HCBS settings as well as to document any human rights restrictions which apply to the participant. This documentation must include information on the restriction, why it is being used, what lesser intrusive methods were tried previously (and why they were insufficient to maintain the health and safety of the individual) and a plan to phase-out the use of the intervention/restriction (if possible).

b) The monitoring and follow-up method(s) that are used.

During contacts with participants, Case Managers (CM) ask the participant about the delivery and quality of the services they are receiving. CMs also observe the services being delivered when possible and have contact with the providers. CMs work directly with providers if participants identify problems and ask for the CM to intervene. This is completed as soon as the problem is identified. The ~~Areas Agencies on Aging (AAA)~~ will notify the ~~Division of Aging and Adult Services (DAAS)~~ if there are more global concerns with a particular provider and DAAS then notifies the ~~State Medicaid Agency (SMA)~~. These types of issues with providers are also detailed in the AAA monitoring and audit reports that DAAS compiles and sends on to the SMA for its review.

Additionally, it is the responsibility of the CM to ensure ~~participants~~ clients have access to all waiver services identified on the care plan. If there are non-waiver services that the ~~participant~~ client needs, the CM will help the ~~participant~~ client to obtain access to those services as well. While it is the responsibility of the CM to verify the quality and delivery of services, the AAAs validates the financial component of the care plan. This is substantiated by having the AAAs compare their billings against the care plans of their ~~participants~~ clients.

c) The frequency with which monitoring is performed.

At a minimum, a monthly contact is made, via phone or in person, by the CM and a more comprehensive, face-to-face visit is completed on at least a quarterly basis. During the monthly contact, the CM verifies back-up plans are effective and that the participant's health and welfare is assured. Moreover, DAAS checks the APS database at least twice a year, and if notified, follows the investigation by APS as it unfolds.

Furthermore, to confirm that participants exercise free choice of providers, they must choose their providers at a minimum of yearly. As previously stated, CMs may work to resolve issues between the ~~participant~~ client and the provider, at the participant's discretion, and may also help the participant to obtain a different provider if they are unhappy with the services

Quality Improvement: Service Plan

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances

The state demonstrates it has designed and implemented an effective system for reviewing the adequacy of service plans for waiver participants.

i. Sub-assurances:

a. Sub-assurance: Service plans address all participants’ assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure: #1	Number and percentage of participants who were offered the choice between institutional care and home and community based waiver services as documented on the “Documentation of LTC Program Choice and Right to Fair Hearing” form. (Numerator = # of participants where choice of service delivery was documented; Denominator = total # of participants reviewed)

- ii. *If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

The DAAS Program Manager for the Aging waiver reviews 100% of care plans prior to their becoming effective to assure that all assessed needs are addressed on the care plan, regardless of funding source, and that each care plan meets all requirements including amount, frequency and duration of services. DAAS conducts annual monitoring of each of the AAA's. Documents are reviewed either on site or at the DAAS office. During on site reviews, DAAS reviews records and visits participants to assure that care plans are sufficient to meet participant needs, services are being delivered and participants are satisfied with their providers. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

The SMA conducts an annual review of the Aging waiver program for each of the five waiver years. At a minimum, one comprehensive review will be conducted during this five year cycle. The comprehensive review will include participant and provider interviews. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DAAS and SMA review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

b. Methods for Remediation/Fixing Individual Problems

- i. *Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.*

Individual issues identified by the SMA and DAAS that affect the health and welfare of individual participants are addressed immediately. Issues requiring immediate attention are addressed in a variety of ways. Depending on the circumstances of the individual case the interventions could include: contacting the OA, case management and/or direct care provider agencies requiring an immediate review and remediation of the issue, reporting the issue to APS and/or local law enforcement or the state's Medicaid Fraud Control Unit, the licensing authority or the survey/certification authority. To assure the issue has been addressed, entities assigned the responsibility of review and remediations are required to report back to the OA or SMA on the results of their interventions within designated time frames. A description of issues requiring immediate attention and outcomes are documented through the SMA final report. Issues that are less immediate are corrected within designated time frames and are documented through the SMA final review report. When the SMA determines that an issue is resolved, notification is provided and documentation is maintained by the SMA.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

<input checked="" type="radio"/>	Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.
<input type="radio"/>	No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested (select one):

<input type="radio"/>	Yes. The State requests that this waiver be considered for Independence Plus designation.
<input checked="" type="radio"/>	No. Independence Plus designation is not requested.

Appendix E-1: Overview

a. Description of Participant Direction. In no more than two pages, provide an overview of the opportunities for participant direction in the waiver, including: (a) the nature of the opportunities afforded to participants; (b) how participants may take advantage of these opportunities; (c) the entities that support individuals who direct their services and the supports that they provide; and, (d) other relevant information about the waiver’s approach to participant direction.

a)	<u>The nature of the opportunities afforded to participants.</u> The Personal Attendant Service is the only waiver service that offers an opportunity for participant direction. This service may be provided as either a self-directed service or an agency based service.
b)	<u>How participants may take advantage of these opportunities.</u> When the Personal Attendant Service is provided as a self-directed service, individuals and/or their chosen representative hire individual employees to perform this waiver service. The individual and/or their chosen representative are then responsible to perform the functions of supervising, hiring, assuring that employee qualifications are met, scheduling, assuring accuracy of time sheets, etc.
c)	<u>The entities that support individuals who direct their services and the supports that they provide.</u> When the p Personal a ttendant is employed directly by the participant and/or their chosen representative, the use of a f Financial iseal m Management a gency is required. The f iseal Financial m Management a gency assists with managing the employer related financial responsibilities associated with the participant directed model.

l. Voluntary Termination of Participant Direction. Describe how the State accommodates a participant who voluntarily terminates participant direction in order to receive services through an alternate service delivery method, including how the State assures continuity of services and participant health and welfare during the transition from participant direction:

State:	
Effective Date	

The participant notifies the ~~e~~Case ~~m~~Manager that they no longer wish to participate in self-directed services. The CM then meets with the participant to revise the care plan and select a provider from the Provider Choice ~~F~~form. The ~~C~~ase ~~M~~anager then contacts these providers and issues a service authorization them. There would not be a delay in services as the participant has already chosen what to do if their back-up plan fails. Traditional providers are listed in place of their personal attendant or back-up personal attendant(s).

- m. Involuntary Termination of Participant Direction.** Specify the circumstances when the State will involuntarily terminate the use of participant direction and require the participant to receive provider-managed services instead, including how continuity of services and participant health and welfare is assured during the transition.

Potential suspension or discontinuation of ~~p~~Personal ~~a~~Attendant ~~s~~Services could include the following:

- Hospitalization or short term placement in a nursing or rehabilitation facility
- Change in condition of the participants ability to manage the services and if there is no personal representative available.
- Failure to provide required agreements or comply with requirements.
- Evidence that services are not being performed or the employee(s) is providing services outside of service specifications.
- Report of a participant being abused or exploited by the employee or personal representative.
- Participant or their representative fails to cooperate with authorization changes or rules.
- Evidence that hours were billed for services that were not provided.

The Personal Attendant Service Consumer Letter of Agreement form, which is signed by the participant and/or their representative, informs the participant, in advance, of the circumstances that may result in involuntary termination of participant direction. Also, prior to discontinuing services provided by the personal attendant, the ~~e~~Case ~~m~~Manager will confer with the ~~operating agency (OA)~~ regarding the reason(s) for the discontinuation. If the OA agrees to discontinue the services provided by the personal attendant, then the CM will be instructed to discuss the reason(s) for discontinuing the service with the participant and assist them in obtaining needed services through a different-traditional provider(s).

- n. Goals for Participant Direction.** In the following table, provide the State’s goals for each year that the waiver is in effect for the unduplicated number of waiver participants who are expected to elect each applicable participant direction opportunity. Annually, the State will report to CMS the number of participants who elect to direct their waiver services.

Appendix E-2: Opportunities for Participant-Direction

a. **Participant – Employer Authority** Complete when the waiver offers the employer authority opportunity as indicated in Item E-1-b:

i. **Participant Employer Status.** Specify the participant’s employer status under the waiver. *Select one or both:*

<input type="checkbox"/>	<p>Participant/Co-Employer. The participant (or the participant’s representative) functions as the co-employer (managing employer) of workers who provide waiver services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.</p> <p>Specify the types of agencies (a.k.a., “agencies with choice”) that serve as co-employers of participant-selected staff:</p>
<input checked="" type="checkbox"/>	<p>Participant/Common Law Employer. The participant (or the participant’s representative) is the common law employer of workers who provide waiver services. An IRS-approved Fiscal/Employer Agent functions as the participant’s agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.</p>

ii. **Participant Decision Making Authority.** The participant (or the participant’s representative) has decision making authority over workers who provide waiver services. *Select one or more decision making authorities that participants exercise:*

X	Recruit staff
X	Refer staff to agency for hiring (co-employer)
X	Select staff from worker registry
X	Hire staff (common law employer)
X	Verify staff qualifications
x	<p>Obtain criminal history and/or background investigation of staff Specify how the costs of such investigations are compensated:</p> <p>It is the responsibility of the AAAs to obtain an annual background screening on each participant’s employee(s). This is a free service if the employee(s) have continuously lived in Utah for the five years immediately preceding the day the application is submitted to the Office of Licensing for the background screening. If they do not meet these qualifications, the employee must pay for their own background screening as a requirement for employment.</p>
X	Specify additional staff qualifications based on participant needs and preferences so long as such qualifications are consistent with the qualifications specified in Appendix C-1/C-3.
X	Determine staff duties consistent with the service specifications in Appendix C-1/C-3.
X	Determine staff wages and benefits subject to applicable State limits
X	Schedule staff
X	Orient and instruct-staff in duties
X	Supervise staff

<input type="checkbox"/>	Other Specify:

b. Participant – Budget Authority Complete when the waiver offers the budget authority opportunity as indicated in Item E-1-b:

i. Participant Decision Making Authority. When the participant has budget authority, indicate the decision-making authority that the participant may exercise over the budget. *Select one or more:*

<input type="checkbox"/>	Reallocate funds among services included in the budget
<input type="checkbox"/>	Determine the amount paid for services within the State’s established limits
<input type="checkbox"/>	Substitute service providers
<input type="checkbox"/>	Schedule the provision of services
<input type="checkbox"/>	Specify additional service provider qualifications consistent with the qualifications specified in Appendix C-1/C-3
<input type="checkbox"/>	Specify how services are provided, consistent with the service specifications contained in Appendix C-1/C-3
<input type="checkbox"/>	Identify service providers and refer for provider enrollment
<input type="checkbox"/>	Authorize payment for waiver goods and services
<input type="checkbox"/>	Review and approve provider invoices for services rendered
<input type="checkbox"/>	Other Specify:

ii. Participant-Directed Budget. Describe in detail the method(s) that are used to establish the amount of the participant-directed budget for waiver goods and services over which the participant has authority, including how the method makes use of reliable cost estimating information and is applied consistently to each participant. Information about these method(s) must be made publicly available.

--

iii. Informing Participant of Budget Amount. Describe how the State informs each participant of the amount of the participant-directed budget and the procedures by which the participant may request an adjustment in the budget amount.

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

When the participant begins receiving Aging waiver ~~for Individual Age 65 or Older~~ services, they must sign a Right to Fair Hearing form provided to them by the operating agency nurse OA. This form document informs the participant, and/or their representative, of their right to appeal an alleged adverse action in regard to their participation in the waiver program. The Right to Fair Hearing document elaborates on It tells them the time frame to file an appeal and lists the phone number to call to file an appeal. The appeal request must be in writing. The appeal request must be in writing.

The operating agency OA also sends the participant a Notice of Decision (NOD) form anytime an action could negatively impact them including a reduction in services, termination of services or a denial of access to the waiver services. The purpose of the NOD form is to inform the participant of the adverse action, their right to a fair hearing and continued service during the hearing process, the time frame to file an appeal and who to contact to file an appeal. All NOD forms, which contain the notices of fair hearings, are stored at the Hearing Office at the Utah Department of Health.

The appeal should be sent to the program staff that are involved in re-evaluating their decision and will then notify the participant of the appeal decision. If the participant is not satisfied with the decision, the participant may move to the next level of the appeal process. The Case Manager needs to notify AAA before any NOD is sent.

Appendix F-2: Additional Dispute Resolution Process

- a. **Availability of Additional Dispute Resolution Process.** Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

<input type="radio"/>	No. This Appendix does not apply
<input checked="" type="radio"/>	Yes. The State operates an additional dispute resolution process

- b. **Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

a) The State agency that operates the process.
 The ~~Area Agency on Aging (AAA)~~ and if necessary, ~~the Division of Aging and Adult Services (DAAS)~~.

b) The nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process.
 The informal dispute resolution process is designed to respond to a participant’s concerns without unnecessary formality. The participant files their grievance at the AAA level. The AAA will then work with the participant to resolve the issue(s) and if needed, involve DAAS. The dispute resolution process is not intended to limit a participant’s access to formal hearing procedures; the participant may file a Request for Hearing any time in the first 30 days after receiving Notice of Decision/Action. Examples of the types of disputes include but are not limited to: concerns with a provider of waiver services, concerns with the amount, frequency or duration of services being delivered, concerns with provider personnel, etc.

c) How the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process.
 The participant is informed, when starting ~~Aging~~ waiver ~~for Individual Age 65 or Older~~ services, that they can file an informal grievance at the AAA level if they choose to, but can still file a formal hearing at the state level at any time.

Appendix F-3: State Grievance/Complaint System

a. Operation of Grievance/Complaint System. *Select one:*

<input type="radio"/>	No. This Appendix does not apply
<input checked="" type="radio"/>	Yes. The State operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver

b. Operational Responsibility. Specify the State agency that is responsible for the operation of the grievance/complaint system:

The ~~Area Agency on Aging (AAA)~~ in ~~the area where which~~ the participant resides, is responsible for the operation of the grievance/complaint system. Each AAA has its own informal grievance process, but all AAAs are required to schedule an appointment within a week to discuss the grievance/complaint, unless the participant and/or their legal representative need(s) additional time for scheduling.

c. Description of System. Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

a) The types of grievances/complaints that participants may register.

The types of complaints that can be addressed through the grievance/complaint system include but are not limited to: Complaints about a provider of waiver services, complaints about the way in which providers deliver services, complaints about individual personnel within a provider agency, etc.

b) The process and timelines for addressing grievances/complaints.

Participants are encouraged to file a grievance/complaint as soon as possible after an event has occurred. The participant can register any type of grievance/complaint related to their services or participation in the program. The ~~Area Agency on Aging (AAA)~~ will schedule an appointment within a week to discuss the grievance/complaint, unless the participant and/or their legal representative need(s) additional time for scheduling. If the AAA is not able to resolve the grievance/complaint, they will immediately contact ~~the Division of Aging and Adult Services (DAAS)~~ to be involved in the process and/or assist the participant to file for a formal hearing. In this case, DAAS will in turn schedule an appointment within a week to provide the necessary assistance, unless the participant and/or their legal representative need(s) additional time for scheduling. The AAA will also immediately notify DAAS, as the operating agency, if a formal hearing is scheduled. DAAS will then immediately notify the ~~Long Term Care~~ Bureau of Authorization and Community Based Services.

(c) The mechanisms that are used to resolve grievances/complaints.

The Quality Assurance Team within the ~~Long Term Care~~ Bureau of Authorization and Community Based Services investigates complaints/grievances that are reported to the SMA and pertain to the operation of the Aging ~~waiver for Individuals Age 65 or Older~~. The SMA

State:

makes all efforts to resolve the complaint or grievance to the satisfaction of all parties within two weeks of the submission of the complaint/grievance. Some complaints/grievances may require additional time to investigate and implement a resolution. Findings and resolutions of all complaints/grievances are documented by fiscal year in the SMA complaint/grievance data base. Participants are informed that filing a complaint is not a prerequisite or a substitute for a hearing.

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

- a. Critical Event or Incident Reporting and Management Process.** Indicate whether the State operates Critical Event or Incident Reporting and Management Process that enables the State to collect information on sentinel events occurring in the waiver program. *Select one:*

<input checked="" type="checkbox"/>	Yes. The State operates a Critical Event or Incident Reporting and Management Process <i>(complete Items b through e)</i>
<input type="checkbox"/>	No. This Appendix does not apply <i>(do not complete Items b through e).</i> <i>If the State does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the State uses to elicit information on the health and welfare of individuals served through the program.</i>

- b. State Critical Event or Incident Reporting Requirements.** Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the State requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents, and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

State of Utah Reporting Requirements:

In accordance with section 62A-3-305 of the Utah State Code, any person who has reason to believe that any vulnerable adult has been the subject of abuse, neglect, or exploitation shall immediately notify Adult Protective Services intake or the nearest law enforcement agency.

State Medicaid Agency (DOH) Critical Event or Incident Reporting Requirements:

The SMA requires that the DAAS administration report critical incidents/events, by e-mail, phone or in person, within 24 hours or on the first business day after the event occurs ~~either to or by a participant~~. Reportable incidents or events include: any unexpected or accidental deaths, all suicide attempts, medication errors that result in the participant experiencing adverse side effects requiring medical treatment at a medical clinic or emergency room or admission to a hospital, or unexpected death, hospitalization or other serious outcomes, provider or caregiver abuse or neglect, including self--neglect that results in medical treatment at a medical clinic or emergency room or death, hospitalization ~~or other serious outcomes~~, accidents that result in hospitalization, missing ~~persons cases when immediate attempts to locate a participant have failed~~, human rights violations such as unauthorized use of restraints, criminal activities involving law enforcement that are

State:

~~performed by or~~ perpetrated by or on a waiver participants ~~(including sexual abuse)~~, events that compromise the participant's working or living environment that put a participant(s) at risk, Medicaid fraud that involves alleged or confirmed waste, fraud or abuse of Medicaid funds by either a provider or a recipient of Medicaid services. ~~investigations that involve any providers of services to waiver participants and any waiver complaints referred by the Governor's office, constituent services or other elected officials.~~—In addition, events that are anticipated to receive media, legislative, or other public scrutiny are required to be reported to the SMA immediately.

Operating Agency (DAAS) Critical Event or Incident Reporting Requirements:

DAAS will notify the SMA of any critical events/incidents within 24 hours of the incident or on the first business day after the incident.

- c. **Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

The ~~e~~Case ~~m~~Manager provides information to the participant, regarding potential situations that should be reported to Adult Protective Services and/or their Case Manager, initially upon enrollment and annually thereafter. The CM will begin documenting this on the provider choice form upon approval of the waiver. They also inform the participant about self-neglect and that this is a mandatory reporting incident. They are given the CMs phone number as well as ~~and also the~~ APS phone number.

- d. **Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

Responsibility of the State Medicaid Agency

After a critical incident/event is reported to the SMA by the ~~Operating Agency~~OA, the ~~Operating Agency~~OA investigates the incident/event and submits the completed *Critical Incident/Event Investigation* to the SMA within two weeks of reporting the incident/event. Within five business days after receiving the critical incident investigation from, the SMA will review the investigation form submitted by the OA. Cases that are complicated and involve considerable investigation may require additional time to complete the findings document. The SMA reviews the report to determine if the incident could have been avoided, if additional supports or interventions have been implemented to prevent the incident from recurring, if changes to the care plan and/or budget have been made, if any systemic issues were identified and a plan to address systemic issues developed. The SMA then completes the *Critical Incident/Event Final SMA Report* which includes a summary of the incident/event, remediation activities and SMA findings and recommendations. Participants and/or legal representatives are informed in writing by the SMA of the investigation results ~~within two weeks of the closure of the case by the SMA.~~

State:	
Effective Date	

Responsibility of the Operating Agency

The operating agency has responsibility for receiving, reviewing and responding to critical incidents within one business day after discovery.

Incidents involving suspected or actual abuse, neglect or exploitation will be reported to APS in accordance with Utah State Law 76-5-111 and State Rule R510-302.

The OA will assure immediate interventions are taken when warranted to protect the health and welfare of the recipient. ~~(The eCase mManager follows up on incidents and APS referrals. When warranted, the Case Manager will putting effective safeguards and interventions in place that address participant's health and welfare).~~ An investigation is conducted to determine the facts, if the needs of the recipient have changed and warrant an updated needs assessment and identify preventive strategies for the future. The care plan is amended as dictated by the circumstances.

- e. **Responsibility for Oversight of Critical Incidents and Events.** Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

Oversight Responsibility of Critical Incidents/Events of the State Medicaid Agency:

The SMA reviews 100% of critical incident reports; annually. During annual reviews, the SMA reviews all incident reports that relate to participants in the review sample. ~~The SMA also reviews participant records annually and every five years conducts interviews with providers and participants, to determine if all incidents have been reported and appropriately addressed.~~ The SMA also reviews the DAAS annual Incident Report. If the SMA detects systemic problems either through this reporting mechanism or during the SMA's program review process, DAAS will be ~~requested~~ required to submit a plan of correction to the SMA. The plan of correction will include the interventions to be taken and the time frame for completion. All plans of correction are subject to acceptance by the SMA. The SMA will conduct follow-up activities to determine that ~~systems~~ the plans of corrections have been achieved and are ~~sustaining~~ continual.

Oversight Responsibility of Critical Incidents/Events of the Operating Agency:

The operating agency has responsibility for oversight of critical incidents and events. DAAS will submit a plan of correction if a systemic problem is identified. The submitted plan is utilized to identify prevention strategies on a system wide basis and identify potential areas for quality improvement. In addition, DAAS will prepare and submit, to the SMA, an annual incident report which includes an analysis of the incident data, remediation and quality improvement activities.

Quality Improvement: Health and Welfare

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. **Methods for Discovery: Health and Welfare**

The State demonstrates it has designed and implemented an effective system for assuring waiver participant health and welfare. (For waiver actions submitted before June 1, 2014, this assurance read “The State, on an ongoing basis, identifies, addresses, and seeks to prevent the occurrence of abuse, neglect and exploitation.”)

i. ***Sub-assurances:***

State:

a. Sub-assurance: The state demonstrates on an ongoing basis that it identifies addresses and seeks to prevent instances of abuse, neglect, exploitation and unexplained death.
 (Performance measures in this sub-assurance include all Appendix G performance measures for waiver actions submitted before June 1, 2014.)

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure: #1	Number and percentage of referrals made to Adult Protective Services and/or law enforcement, according to state law, when there was reason to believe that abuse, neglect and/or exploitation had occurred. <u>(Numerator = # of referrals made; Denominator = total # of referrals required)</u>

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Referrals are made to APS and/or law enforcement according to state law. Prevention strategies are developed and implemented, when warranted, when abuse, neglect and/or exploitation are reported. CM works closely with local APS workers to resolve issues. When a CM reports or becomes aware of a referral made to APS about an Aging waiver participant, the CM informs DAAS within 24 hours and documents the notification in the participant's record. DAAS has the capability to compare waiver participants' names with the APS database to determine if notification of abuse, neglect and/or exploitation of waiver participants has occurred. Upon request, DAAS has access to limited information included in the APS data base of reports that are supported by APS. DAAS reviews this information and, when warranted, provides the information to the AAA that is serving the participant for follow up. In addition, all other health and welfare needs are addressed and steps are taken to resolve concerns in a timely manner. This is documented in the participant's record.

The SMA and the OA follow the SMA Critical Incidents and Events Protocol to: 1) assure that appropriate actions have taken place when a critical incident or event occurs; and/or 2) in cases where appropriate safeguards were not in place, that an analysis is conducted and appropriate strategies have been implemented to safeguard participants. Within 24 hours or on the first business day after a critical incident or event has occurred to or by a participant, a representative from the Waiver Operating Agency will notify the SMA Quality Assurance representative via email, telephone or in person. After reviewing the information provided describing the critical incident/event, the SMA determines on a case-by-case basis if the incident or event requires an investigation. In cases where further investigation is required the operating agency completes the form "Critical Incident/Event Findings OA Report to SMA". The SMA reviews the information provided by the OA and determines if any additional information or action is required. A final report is developed which contains: 1) a summary describing the incident/event based on all evidence reviewed, including evidence provided by the Medicaid Fraud Control Unit, Licensing, log notes etc. 2) Remediation Activities, describing the remediation activities that were developed and implemented to address the incident/event, including changes to care plans and systemic changes implemented by the OA and/or provider. 3) SMA Findings and Recommendations including an assessment of the OA's response to the incident/event and the identification of any issues related to reporting protocols. The SMA notifies the OA representative when the critical incident/event has been resolved.

The SMA conducts an annual review of each of the five waiver years. At a minimum, one comprehensive review will be conducted during this five year cycle. The comprehensive review will include participant and provider interviews. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DAAS and SMA review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

b. Methods for Remediation/Fixing Individual Problems

- i. *Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.*

Individual issues identified by DAAS and the SMA that affect the health and welfare of individual participants are addressed immediately. Issues requiring immediate attention are addressed in a variety of ways. Depending on the circumstances of the individual case the interventions could include: contacting the OA, case management and/or direct care provider agencies requiring an immediate review and remediation of the issue, reporting the issue to APS and/or local law enforcement or the state’s Medicaid Fraud Control Unit, the licensing authority or the survey/certification authority. To assure the issue has been addressed, entities assigned the responsibility of review and remediation are required to report back to the OA or SMA on the results of their interventions within designated time frames. A description of issues requiring immediate attention and outcomes are documented through the SMA final report. Issues that are less immediate are corrected within designated time frames and are documented through the SMA final review report. When the SMA determines that an issue is resolved, notification is provided and documentation is maintained by the SMA.

Appendix H: Quality Improvement Strategy

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I), a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The remediation activities followed to correct individual problems identified in the implementation of each of the assurances;

In Appendix H of the application, a State describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the QIS* and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or

State:	
Effective Date	

Appendix H: Quality Improvement Strategy
HCBS Waiver Application Version 3.5

identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QMS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program. Unless the State has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the State must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

H.1 Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

Trending is accomplished as part of the SMA annual waiver review for each performance measure that is assessed that year. Graphs display the percentage of how well the performance measures are met for each fiscal year. Graphs from the previous years are presented side by side with the current year’s results, thus allowing for tracking and trending of performance measures. After a three-year cycle of reviews (and annually thereafter), the performance measures will be analyzed to determine if, over time, a negative trend has occurred and if a systems improvement will address the problem. System improvement initiatives may be prioritized based on several factors including the health and welfare of participants, financial considerations, the intensity of the problem and the other performance measures relating to the assurance being evaluated.

- i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State’s targeted standards for systems improvement.

The SMA will establish a Quality Improvement Committee consisting of the SMA Quality Assurance Team, the DAAS Aging waiver ~~for Individuals Age 65 or Older~~ program manager, and other DAAS team members, among others. The team will meet to assess the results of the systems design changes. The success of the systems changes will be based on criteria that must be met to determine that the change has been accomplished and also criteria that will determine that the systems change has been sustained or will be sustained. The Quality Improvement Committee will determine the sustainability criteria. Results of system design changes will be communicated to participants and families, providers, agencies and others

State:

through the Medicaid Information Bulletin.

- ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

The Quality Improvement Strategy is a dynamic document that is continuously evaluated each year by the SMA's quality management team. The team evaluates the data collection process and makes changes as necessary to allow for accurate data collection and analysis. In addition, the Quality Improvement Committee will evaluate the QIS after the third year of the waiver operation. This committee will meet to discuss the elements of the QIS for each assurance, the findings relative to each performance measure and the contributions of all parties that conduct quality assurance of the Aging waiver ~~for Individuals Age 65 or Older~~. Improvements to the QIS will be made at this time and submitted in the following waiver renewal application.

Appendix I: Financial Accountability

APPENDIX I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The SMA will assure financial accountability for funds expended for home and community-based services, provide for an independent audit of its waiver program (except as CMS may otherwise specify for particular waivers), and it will maintain and make available to HHS, the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver, including reports of any independent audits conducted.

The State conducts a single audit in conformance with the Single Audit Act of 1984, Public Law 98-502. The State Auditor's Office is responsible for conducting the independent Single State Audit.

The Financial Audit Division is responsible for auditing all State departments, agencies and colleges and universities. Both State funds and federal grants are audited. These audits are conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Single Audit Act to determine the reliability of financial statements, the effectiveness and adequacy of internal controls, and the degree of compliance with legal and contractual requirements.

The Performance Audit Division is responsible for performance audits of local governments and State departments, agencies, and institutions. These audits are conducted in accordance with Government Auditing Standards to determine whether agencies and programs are effective, efficient, and in compliance with laws, established best practices, and industry/professional standards.

Every year the audit focuses on different aspects and areas of government so the scope and frequency vary.

Post-payment reviews are conducted by the SMA reviewing a sample of individual written care plans and Medicaid claims histories to ensure: (1) all of the services required by the individual are identified in the care plan, (2) that the individual is receiving the services identified in the care plan, and (3) that Medicaid reimbursement is not claimed for waiver services which were not included in the care plan.

Quality Improvement: Financial Accountability

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability Assurance

The State must demonstrate that it has designed and implemented an adequate system for ensuring financial accountability of the waiver program. (For waiver actions submitted before June 1, 2014, this assurance read “State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.”)

i. Sub-assurances:

a. Sub-assurance: The State provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered. (Performance measures in this sub-assurance include all Appendix I performance measures for waiver actions submitted before June 1, 2014.)

a.i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

b. Sub-assurance: The State provides evidence that rates remain consistent with the approved rate methodology throughout the five year waiver cycle.

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this

- ii. *If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

Each AAA reviews and compares monthly billings from providers with the care plans to assure that the providers have billed only for services that have been authorized and that the rate and code billed are correct. Annually, the DAAS financial auditor reviews a representative sample of billings from each of the AAA and compares the billing information with paid claims data.

The SMA conducts an annual review of the Aging waiver ~~for Individuals Age 65 or Older~~ program for each of the five waiver years. At a minimum, one comprehensive review will be conducted during this five year cycle. ~~The comprehensive review will include participant and provider interviews.~~ The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DAAS and SMA review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

b. Methods for Remediation/Fixing Individual Problems

- i. *Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.*

Recoupment of Funds:

- When payments are made for a service not identified on the Comprehensive Care Plan: a recoupment of unauthorized paid claims will be required.
- When the amount of payments exceeds the amount, frequency, and/or duration identified on the Comprehensive Care Plan: a recoupment of unauthorized paid claims will be required.
- When payments are made for services based on a coding error: The coding error will be corrected by withdrawing the submission of the claim and submitting the correct code for payment.

When DAAS discovers that unauthorized claims have been paid, DAAS works with Medicaid

Operation and Medicaid Operations to reprocess the MMIS claims to reflect the recoupment. DAAS will notify the SMA of the recoupment.

When the SMA discovers that unauthorized claims have been paid, the recoupment of funds will proceed as follows:

1. The ~~State Medicaid Agency~~SMA will complete a Recoupment of Funds Form that indicates in detail, the amount of the recoupment and send it to the ~~Operating OA~~Agency.
2. The ~~Operating Agency~~OA will review the Recoupment of funds form and return the signed form to the ~~State Medicaid Agency~~SMA.
3. Upon receipt of the Recoupment of Funds Form, the ~~State Medicaid Agency~~SMA will submit the Recoupment of Funds Form to Medicaid Operations.
4. Medicaid Operations will reprocess the MMIS claims to reflect the recoupment.
5. Overpayments are returned to the ~~f~~Federal ~~g~~Government within 60 days of discovery.

APPENDIX I-2: Rates, Billing and Claims

- a. **Rate Determination Methods.** In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Waiver rates are established by the State Medicaid Agency. Opportunity for public comment of the rates is available during the application renewal process and annually as the rates are adjusted. Information about payment rates will be communicated to all interested parties through the use of provider bulletins and letters, annual public notices and annual waiver trainings.

Adult Day Health, Adult Companion Services, Case Management, Enhanced State Plan Supportive Maintenance Home Health Aide Services, Financial Management, Homemaker, Medication Reminder Systems, Personal Attendant Services, Personal Attendant Program Training, Personal Emergency Response System, Respite Care, Supplemental Meals, Transportation Services are reimbursed on a fee-for-service basis. Payment is based on a statewide fee schedule.

The rates for Transition Services, Specialized Medical Equipment and Supplies, Environmental Accessibility Adaptations and Chore Services are negotiated by the operating agency on behalf of the Single State Agency. Allowable expenditures are based on the individual ~~participant~~ client need and are not to exceed the service limits. Below is a list of the services and the rate information:

The following services were rebased in 2005 and have received COLA adjustments:

- Adult Day Health
- Supplemental Meals
- Case Management Service
- Chore Services
- Adult Companion Services
- Financial Management Services
- Respite Care
- Medication Reminder Systems
- Transportation Services (Non-medical)
- Personal Budget Assistance

The following services are based on the State Plan rate:

- Supportive Maintenance

The following services were based on a 1997 cost study and have received COLA adjustments:

- Homemaker

The following services are based on a Competitive Contract written in 2005 with slight increase in 2007:
 Personal Emergency Response System

- b. Flow of Billings.** Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the State's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

Waiver services providers submit claims directly to the SMA via the State Medicaid MMIS system, the SMA then pays the waiver service provider directly.

For individuals participating in the self-directed services delivery method, the participant submits their staff time sheet(s) to the FMS Agent. The FMS Agent pays the claim(s) and submits a bill to the SMA. The SMA reimburses the FMS.

- c. Certifying Public Expenditures** (*select one*):

<input type="radio"/>	No. State or local government agencies do not certify expenditures for waiver services.
<input type="radio"/>	Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their State government expenditures (CPE) in lieu of billing that amount to Medicaid. <i>Select at least one:</i>
<input type="checkbox"/>	Certified Public Expenditures (CPE) of State Public Agencies. Specify: (a) the State government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). <i>(Indicate source of revenue for CPEs in Item I-4-a.)</i>
<input type="checkbox"/>	Certified Public Expenditures (CPE) of Local Government Agencies. Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). <i>(Indicate source of revenue for CPEs in Item I-4-b.)</i>

State:	
Effective Date	

d. Billing Validation Process. Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant’s approved service plan; and, (c) the services were provided:

DESCRIPTION OF BILLING PROCESS AND RECORDS RETENTION

1. An individual's Medicaid eligibility is determined by the Office of Health and Eligibility within the Department of Workforce Services or the Bureau of Eligibility Services within the Department of Health. The information is entered into the ~~Public Assistance Case Management Information System (PACMIS)~~. PACMIS EREP (Electronic Resource and Eligibility Product). EREP is an on-line, menu-driven system which automates Medicaid eligibility decisions, benefits amounts, individual notices and administrative reports. PACMIS-EREP interfaces with other governmental agencies such as, Social Security, Employment Security, and the Internal Revenue Service. The system is a Federally-Approved Management Information System (FAMIS). In Utah, the following programs are accessed through PACMISEREP: Aid to Families with Dependent Children (AFDC), Medicaid, Food Stamps, and two state-administered programs - General Assistance and the Utah Primary Care Network (PCN). The Medicaid Management Information System (MMIS) accesses PACMIS-EREP to ensure the individual is Medicaid eligible before payment of claims is made.

2. Post-payment reviews are conducted in accordance with the procedures outlined in Appendix E-2. The Medicaid agency reviews a sample of individual written care plans and Medicaid claims histories to ensure: (1) all of the services required by the individual are identified in the care plan, (2) that the individual is receiving the services identified in the care plan, and (3) that Medicaid reimbursement is not claimed for waiver services which were not included in the care plan.

Area Agencies on Aging also compare their billings against the service plans of their clients-participants and eCase mManagers verify the quality and delivery of services with the participants.

3. Prior to the order and delivery of Medicaid reimbursed approved specialized medical equipment, medical supplies or assistive technology, the ~~case-Case mManager~~ must obtain prior approval based on a determination of medical necessity and a determination that the item is not available as a Medicaid State Plan service.

4. The participant-directed model for the Personal Attendant Service requires the individual to use a Waiver Fiscal-Financial Management Agency as an integral component of the waiver service to assist with managing the

State:	
Effective Date	

employer-related financial responsibilities associated with the self-directed employee model. The Waiver ~~Fiscal-Financial~~ Management Agency is a person or organization that assists waiver ~~enrollees-participants~~ and their representatives, when appropriate, in performing a number of employer-related tasks, without being considered the common law employer of the ~~enrollees'-waiver participant's~~ Personal Attendant(s) (PA). Tasks performed by the Waiver ~~Fiscal-Financial~~ Management Agency include documenting PA qualifications, collecting PA time records, preparing payroll for ~~enrollees'-waiver participant's~~ PA, and withholding, filing and depositing federal, state, and local employment taxes.

The ~~P~~participant-directed PA will complete a time sheet for work performed. The ~~individual-participant~~ confirms the accuracy of the time sheet, signs it, and forwards it to the Waiver ~~Fiscal-Financial~~ Management Agency for processing. The Waiver ~~Fiscal-Financial~~ Management Agency files a claim for reimbursement on behalf of the service worker through the Medicaid MMIS system. Upon receipt of payment the Waiver ~~fiscal-Financial~~ management agent completes the employer related responsibilities and forwards payment directly to the PA for the services documented on the time sheet.

- e. **Billing and Claims Record Maintenance Requirement.** Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR § 92.42.

APPENDIX I-3: Payment

a. Method of payments — MMIS (*select one*):

<input checked="" type="checkbox"/>	Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).
<input type="checkbox"/>	<p>Payments for some, but not all, waiver services are made through an approved MMIS. Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such payments and the entity that processes payments; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64.</p>
<input type="checkbox"/>	<p>Payments for waiver services are not made through an approved MMIS. Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:</p>
<input type="checkbox"/>	<p>Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS. Describe how payments are made to the managed care entity or entities:</p>

b. Direct payment. In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (*select at least one*):

<input checked="" type="checkbox"/>	The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.
<input type="checkbox"/>	The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.
<input type="checkbox"/>	<p>The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent. Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:</p>
<input type="checkbox"/>	<p>Providers are paid by a managed care entity or entities for services that are included in the State's contract with the entity. Specify how providers are paid for the services (if any) not included in the State's contract with managed care entities.</p>

- c. Supplemental or Enhanced Payments.** Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan/waiver. Specify whether supplemental or enhanced payments are made. *Select one:*

<input checked="" type="radio"/>	No. The State does not make supplemental or enhanced payments for waiver services.
<input type="radio"/>	<p>Yes. The State makes supplemental or enhanced payments for waiver services. Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the State to CMS. Upon request, the State will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.</p>

- d. Payments to State or Local Government Providers.** *Specify whether State or local government providers receive payment for the provision of waiver services.*

<input type="radio"/>	No. State or local government providers do not receive payment for waiver services. Do not complete Item I-3-e.
<input checked="" type="radio"/>	<p>Yes. State or local government providers receive payment for waiver services. - e. Amount of Payment to State or Local Government Providers.**

Specify whether any State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the State recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. *Select one:*

<input checked="" type="radio"/>	The amount paid to State or local government providers is the same as the amount paid to private providers of the same service.
<input type="radio"/>	The amount paid to State or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.

a. **Services Furnished in Residential Settings.** *Select one:*

<input checked="" type="checkbox"/>	No services under this waiver are furnished in residential settings other than the private residence of the individual.
<input type="checkbox"/>	As specified in Appendix C, the State furnishes waiver services in residential settings other than the personal home of the individual.

b. **Method for Excluding the Cost of Room and Board Furnished in Residential Settings.** The following describes the methodology that the State uses to exclude Medicaid payment for room and board in residential settings:

The only waiver service furnished in a residential setting other than the personal home of the individual is Respite Care Services - LTC Facility. Federal Financial Participation (FFP) will not be claimed for the cost of room and board except when provided as part of respite care in a facility approved by the State that is not the participant's private residence.

- a. **Number Of Unduplicated Participants Served.** Enter the total number of unduplicated participants from Item B-3-a who will be served each year that the waiver is in operation. When the waiver serves individuals under more than one level of care, specify the number of unduplicated participants for each level of care:

Table J-2-a: Unduplicated Participants

Year 5 (only appears if applicable based on Item 1-C)	<u>520460</u>	<u>520460</u>	

- b. **Average Length of Stay.** Describe the basis of the estimate of the average length of stay on the waiver by participants in Item J-2-a.

Average Length of Stay (LOS) = 353 days
Used the average annual LOS count for fiscal years 2012-2014
The average length of stay estimate is based on the actual average Length of Stay during the State Fiscal Year 2014.

- c. **Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.

- i. **Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

- All calculations are based off the actual amounts for FY2012-FY2014
- Unduplicated client counts were increased and the number of users was raised according to the percentage of change
- Price per unit was increased 1% for each subsequent year
- Units Per User is the average units per user for FY2012-2014 rounded to the next whole number
- Estimates may have had slight adjustments if trending data indicated that they may not be reflective of anticipated utilization
Factor D is an estimate that is based off the actual utilization numbers for State fiscal year 2014.

- ii. **Factor D' Derivation.** The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

State:	
Effective Date	

- All calculations are based off the actual amounts for FY2012-2014

- Average cost per enrollee was increased by 2% for each subsequent year

- The state utilizes the MMIS Categories of Service and Provider Type functionality to account for and exclude the costs of prescribed drugs from D'Factor D' is an estimate that is based off the actual numbers for State fiscal year 2014. A cost of living adjustment of two percent has been added to each additional year to address inflation and is within the medical consumer price index. Factor D' includes the Medicaid costs for all services that are furnished in addition to waiver services while the individual is on the waiver. This calculation includes facility costs when a person leaves the waiver for a facility and returns to the waiver in the same waiver year. If a waiver participant does not return to the waiver following a stay at a facility, the cost of facility care is not included. The costs of prescribed drugs for Medicare/Medicaid dual eligible participants under the provisions of Part D are also not included in the estimate. The estimate shows that the D' is lower than the G' for the Aging waiver. This estimate is based off of the actual data of the Aging waiver and nursing facility participants. The reason that the G' is not higher than the D' is the nursing facility payments do not encompass all services that are furnished to their residents. For example doctor's appointments and hospital stays are not included in the nursing facility payment and are included in the G' costs.

iii. **Factor G Derivation.** The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

- Used actual average nursing home cost per day for fiscal years 2012-2014 and multiplied by actual CSW waiver LOS to get fiscal year 2015 base estimate and the increased by 2% to get Waiver year one (fiscal year 2016)

- Each subsequent year was increased 2%Factor G' is an estimate that is based off the actual utilization numbers for State fiscal year 2014. Factor G' is calculated utilizing the average annual facility cost of services for a person receiving nursing facility level of care that is not intensive skilled. These are the same services that would be furnished to waiver participants in the absence of the Aging waiver. The average annual costs are then divided by the nursing facility ALOS to calculate the average cost per day. The average cost per day is then multiplied by the Aging waiver ALOS to get Factor G'. Also, a cost of living adjustment of two percent has been added to each additional year to address inflation and is within the medical consumer price index.

iv. **Factor G' Derivation.** The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

- Used actual average nursing home cost per day for fiscal years 2012-2014 and multiplied by actual CSW waiver LOS to get fiscal year 2015 base estimate and the increased by 2% to get Waiver year one (fiscal year 2016)

- Each subsequent year was increased 2%Factor G' is an estimate that is based off the actual utilization numbers for State fiscal year 2014. Factor G' is calculated utilizing the average annual cost of all other (non facility) Medicaid services furnished while the individual is in the nursing facility. The average annual costs are then divided by the nursing facility ALOS to calculate the average cost per day. The average cost per day is multiplied by the Aging waiver ALOS to get Factor G'. Also, a cost of living adjustment of two percent has been added to each additional year to address inflation and is within the medical consumer price index.
