Utah Medicaid Provider Manual	Home and Community-based Waiver Services New Choices Waiver
Division of Medicaid and Health Finance	Updated April 28, 2010

1 GENERAL POLICY

Under section 1915c of the Social Security Act, a State may request approval through the federal Centers for Medicare and Medicaid Services (CMS) to “waive” certain statutory requirements in order to use Medicaid funds for an array of home and community-based medical assistance services provided to eligible recipients as an alternative to institutional care. The State of Utah has requested Medicaid reimbursed home and community-based waiver services for individuals who are currently in Nursing Facilities and wish to return to the community, and who but for the provision of such services, would require continued Nursing Facility placement. On April 1, 2007 the Division of Medicaid and Health Finance received approval from CMS to begin operating the New Choices Waiver. The approval includes waivers of:

- the “state wideness” requirements in subsection 1902(a)(1) of the Social Security Act, and
- the “comparability” requirements in subsection 1902(a)(10)(B) of the Social Security Act, and
- the institutional deeming requirements in section 1902(a)(10)(C)(i)(III) of the Social Security Act .

Waiver of Statewideness

Under the waiver of State wideness the State is permitted to provide covered waiver services to eligible individuals who reside in limited geographic areas of the State. On May 1, 2007 New Choices Waiver began implementing services in the following counties: Beaver, Davis, Garfield, Iron, Kane, Morgan, Salt Lake, Tooele, Washington and Weber Counties. On January 1, 2008, six additional counties were added: Box Elder, Cache, Summit, Rich, Utah, and Wasatch Counties. Beginning July 1, 2008, the State’s remaining thirteen counties were added: Carbon, Daggett, Duchesne, Emery, Grand, Juab, Millard, Piute, San Juan, Sanpete, Sevier, Uintah, and Wayne Counties.

Waiver of Comparability

In contrast to Medicaid State Plan services requirements, under a waiver of comparability, the State is permitted to provide covered waiver services to eligible individuals who meet the State’s criteria for Medicaid reimbursement in a nursing facility (NF), and “Waiver services” need not be comparable in amount, duration, or scope to services covered under the State Plan. However, each year the State must demonstrate that the waiver is a “cost-neutral” alternative to institutional (NF) services. This means that, in the aggregate, the total annual Medicaid expenditures for waiver recipients, including their State Plan services, cannot exceed the estimated Medicaid expenditures had those same recipients received Medicaid-funded NF services.

Waiver of Institutional Deeming Requirements

Under the waiver of institutional deeming requirements the State uses more liberal eligibility income and resource calculations when determining recipients’ Medicaid eligibility.

Utah Medicaid Provider Manual	Home and Community-based Waiver Services New Choices Waiver
Division of Medicaid and Health Finance	Updated April 28, 2010

- A. Voluntary disenrollments are cases in which participants choose to initiate disenrollment from the waiver. These cases require written notification to the Waiver Operating Agency, by the case management agencies, within 10 days from date of disenrollment. Documentation will be maintained by the contracted waiver case management agency detailing the discharge planning activities completed with the waiver participant as part of the disenrollment process.
- B. Pre-Approved involuntary disenrollments are cases in which participants are involuntarily disenrolled from a home and community based waiver program for any one or more of the specific reasons listed below:
- Participant's death;
 - Participant has entered a Nursing Home on an extended stay;
 - Participant no longer meets financial requirement for Medicaid program eligibility;
 - Participant has moved out of the State of Utah; or
 - Participant's whereabouts are unknown.

Pre-Approved involuntary disenrollments require written notification to the Waiver Operating Agency by the contracted case management agency within 10 days from the date of disenrollment. Waiver Operating Agency prior review or approval of the decision to disenroll in these situations is not required. Documentation will be maintained by the contracted case management agencies detailing the discharge planning activities completed with the waiver participant as part of the disenrollment process, as appropriate.

Special circumstance disenrollments are cases that are non-routine in nature and involve circumstances that are specific to the participant involved. Examples of this type of disenrollment include the waiver participant no longer meets the institutional level of care requirements, the participant's health and safety needs cannot be met by the current program's services and supports, or the participant has demonstrated non-compliance with the agreed upon care plan and is unwilling to negotiate a plan of care that meets minimal safety standards.

- E. Special circumstance disenrollments require review and authorization **prior** to disenrollment to facilitate:
1. Appropriate movement among programs;
 2. Effective utilization of program potential;
 3. Effective discharge and transition planning;
 4. Provision of information, affording participants the opportunity to exercise all rights; and
 5. Program quality assurance/quality improvement measures.
- F. The special circumstance disenrollment review process will consist of the following activities:
1. The contracted case management agency recommending disenrollment will compile information to articulate the disenrollment rationale.
 2. The contracted case management agency will then submit the information to the Waiver Operating Agency for review of the documentation of case management activities and of the disenrollment recommendation.
 3. The Waiver Operating Agency will review and assure the available array of Medicaid waiver and non-waiver services, and other available resources have been fully utilized to meet the individual's health and safety needs.
 4. The Waiver Operating Agency will facilitate case staffing meetings with appropriate parties, as needed, to complete the review and make an appropriate final decision on the proposed disenrollment.

Division of Medicaid and Health Finance	Updated April 28, 2010

- 5. The Waiver Operating Agency's final disenrollment decision will be communicated to the case management agency in writing.
- G. The case management agency will give the participant a thirty (30) days written notice of termination of case management services. It will include the reason for disenrollment, last date of service, and information on how to contact the Waiver Operating Agency.
- H. The participant may elect to apply to receive services through another Waiver Case Management Agency if another Waiver Case Management Agency is operating in their area by contacting the Waiver Operating Agency.
- I. The Waiver Operating Agency will attempt to locate another Case Management Agency who is willing to provide case management service. If one is not available, the Waiver Operating Agency will provide the participant with the required written notification of agency action and right to fair hearing information.
- J. The case management agency will initiate discharge planning activities sufficient to assure smooth transition to an alternate case management agency if one is available, to another Medicaid program or other services.

2 - 5 Fair Hearings

- A. The State Medicaid Agency provides an eligible individual applying for or receiving waiver services an opportunity for a hearing upon written request, if the eligible individual is:
 - 1. Not given the choice of institutional (NF) care or HCBS waiver services.
 - 2. Denied the waiver provider(s) of choice if more than one provider is available to render the service(s).
 - 3. Denied access to waiver services, that they are eligible to receive, identified as necessary to prevent institutionalization.

- C. An eligible individual and the individual's legal representative, as applicable, will receive a written Notice of Agency Action from the Waiver Operating Agency if the individual is denied access to the provider of choice for a covered waiver service. The Notice of Agency Action delineates the individual's right to appeal the decision.
- D. An aggrieved participant may request a formal hearing within 30 calendar days from the date written notice is issued or mailed, whichever is later. The State Medicaid Agency may reinstate services for participants or suspend any adverse action for providers if the aggrieved person requests a formal hearing not more than ten calendar days after the date of action.
- E. The participant is encouraged to utilize an informal dispute resolution process to expedite equitable solutions but may forgo or interrupt the available informal resolution process at any time by completing a request for hearing and directing the request be sent to the State Medicaid Agency for a formal hearing and determination.
- F. An informal dispute resolution process does not alter the requirements of the formal fair hearings process. The individual must still file a request for hearing and a request for continuation of services within the mandatory time frames established by the State Medicaid Agency. An informal dispute resolution must occur prior to the deadline for filing the request for continuation of service and/or the request for formal hearing, or be conducted concurrent with the formal hearing process.

Claims must be consistent with the amount, frequency and dates ordered by the waiver Case Management Agency in order to be paid. Any services provided that exceed the amount or frequency authorized or for which there is no current service authorization form will not be considered reimbursable. Registered Nurses responsible for collecting the needed information and for making the level of care determinations are trained by staff of the State Medicaid Agency in the proper application of the MDS-HC instrument and the proper analysis of the MDS-HC data to perform level of care evaluations.

7 CASE MANAGEMENT

7 - 1 Case Management Encounters

completed with in fourteen (14) days of the MDS-HC. The LOC must be submitted to the Waiver Operating Agency upon completion. 8 SELF-ADMINISTERED SERVICES

8-1 Definition and Employer Authority

- A. Self-Administered Services (SAS) are few of the array of services available through the New Choices Waiver that may be authorized to address the assessed needs of the participant. Self-Administered Services means service delivery that is provided through a non-agency based provider to a participant who lives in his or her own home or the home of a family member. Participants receiving Adult Residential Services are not eligible for Self-Administered Services. Under the Self-Administered method, the participant and/or their chosen designee hire individual employees to deliver a waiver service. The participant/participant designee is then responsible to perform the functions of supervising, hiring, assuring that employee qualifications are met, scheduling, assuring accuracy of timesheets, etc. Of the individual employee.
- B. The self-administered employer authority requires the waiver participant to use a Waiver Financial Management Services (FMS) Agent as an integral component of the waiver services to assist with managing the employer-related financial responsibilities associated with the employer-employee relationship. The Waiver Financial Management Services Agent is a person or organization that assists waiver participants and their representatives, when appropriate, in performing a number of employer-related tasks, without being considered the common law employers of the service providers. Tasks performed by the Waiver Financial Management Services Agent include documenting service provider's qualifications, collecting service provider time records, preparing payroll for participants' service providers, and withholding, filing, and depositing federal, state, and local employment taxes.
- C. Participant employed service providers complete a time sheet for work performed. The participant confirms the accuracy of the time sheet, signs it, and forwards it to the Waiver Personal Services Agent for processing. The Waiver Financial Management Agent files a claim for reimbursement through the Medicaid MMIS system and upon receipt of payment, completes the employer-related responsibilities, deducts the established administrative fee, and forwards payment directly to the service provider for the services documented on the time sheet.

9 Service Provider Interaction with Case Management Agency

Service providers participating in the New Choices Waiver must adhere to the following requirements covering interactions with the participant selected Case Management Agency.

9 – 1 Incident Reporting

A All negative incidents involving a waiver participant must be reported to the Case Management Agency utilizing the New Choices Waiver incident reporting form. This is in addition to APS reporting requirements and does not negate the individual providers' obligation to report when the incident involves abuse, neglect or exploitation. Negative incidents may include, but are not limited to:

1. Death of a waiver participant.
2. Attempted Suicides.
3. Incidents of abuse or neglect (including self neglect) that result in death, hospitalization or other serious outcomes.
4. Events that resulted in the need to obtain direct intervention by a medical professional. (IE: physician office visit, emergency room visit, or hospitalization)
5. Events in which the waiver participants injures another waiver participant or staff of a waiver services provider if the injury results in seeking direct intervention by a medical professional. (IE: physician office visit, emergency room visit, or hospitalization)
6. Events requiring law enforcement intervention. (IE: criminal activities perpetrated on or by the waiver participant, including sexual abuse)
7. Medicaid Fraud.
8. Aspiration or choking incidents that result in the administration of the Heimlich Maneuver, emergency medical intervention and/or hospitalization.
9. Human rights violations such as the unauthorized use of restraints of any kind. (IE: physical, chemical, or seclusion rooms.)
10. When it has been determined that a person is missing under suspicious or unexplained circumstances.
11. Incidents or events that are anticipated to receive Media, Legislative, or other public scrutiny.

(Please see the "Incident Reporting Protocol" for additional information regarding reporting time frames.)

Utah Medicaid Provider Manual	Home and Community-based Waiver Services New Choices Waiver
Division of Medicaid and Health Finance	Updated April 28, 2010

9 – 2 Service Authorization

- A. Providers may only provide waiver services as ordered by the waiver participants' Case Management Agency and approved by the Long Term Care Bureau, Department of Health. Any concerns regarding ordered services should initially be addressed with the Case Management Agency.
1. The Case Management Agency must provide the service provider with a service authorization form. The form includes participants identifying information, the billable HCPCS procedure code, authorized units of service, as well as the case managers contact information.
 - Any billing in excess of prior approved units of service will not be payable and will be subject to recoupment.
 - Do not provide any services to a waiver participant without first receiving the prior authorization form from the Case Management Agency.

9 – 3 Participant Out of Facility

- A. Adult Residential Services Providers must notify the Case Management Agency whenever a participant is out of the facility over night. This includes:
- Hospitalizations
 - Vacations
 - Nursing home stays.
- B. All services must be coordinated through the Case Management Agency in order to ensure maximum benefit, Care Plan adherence and continued waiver eligibility.
- C. Do not accept a waiver participant who has been hospitalized or has been in the Nursing Home on an **extended stay basis** back into your facility without first contacting their Case Manager to determine if they are still New Choices Waiver eligible. New Choices Waiver is not responsible for payment if they are not currently eligible.

10 CLAIMS AND REIMBURSEMENT

10 - 1 Time Limit to Submit Claims

Payment for services will be made only if claims are submitted to Medicaid within one year from the date of service. Payment will be made for Medicare/Medicaid Crossover claims only if claims are submitted within six months from the date of Medicare payment stated on the Medicare Explanation of Medical Benefits (EOMB). Code of Federal Regulations 42 (CFR), Section 447.45(d) (1). Utah Administrative Code, Rule R414-25x.

10 - 2 Calculating Claims Using TN Modifier

When using the TN rural enhancement modifier for a claim, providers should bill the total eligible amount to be reimbursed (base amount and 1.75 increase). The Medicaid MMIS system computes the Maximum Allowable Base Rate in the MMIS system reference file multiplied by 1.75 and compares that number to the actual billed amount. The MMIS system then pays the actual billed amount up to the Maximum Allowable Rate X 1.75.

10-3 Use of "TN" Rural Enhancement Modifier

The use of the TN rural enhancement modifier is authorized in the New Choices Waiver for the purpose of assuring access to waiver covered services in rural areas of the State where waiver service providers are required to travel extended distances to deliver services. The rate enhancement adjusts the per unit rate of reimbursement to account for the additional travel-related expenses not included in the normal rate setting process. For purposes of the rural enhancement rate, rural counties are all counties in Utah except Weber County, Davis County, Salt Lake County, and Utah County.

- A. The following limitations are imposed on the use of the rural enhancement:

Utah Medicaid Provider Manual	Home and Community-based Waiver Services New Choices Waiver
Division of Medicaid and Health Finance	Updated April 28, 2010

1. The Case Management Agency must authorize use of the rural enhancement rate at the time the services are ordered.
2. The location assigned as the provider's normal base of operation must be in a county designated as rural;
3. The location from which the service provider begins the specific trip must be in a county designated as rural;
4. The location where the service is provided to the waiver participant must be in a county designated as rural; and
5. The direct distance traveled by the provider from the starting location of the trip to the waiver participant must be a minimum of 25 miles with no intervening stops to provide waiver or State plan services to other Medicaid participants. When a single trip involves service encounters for multiple Medicaid participants, each leg of the trip will be treated as an independent trip for purposes of qualifying for the rural enhancement (i.e. each leg must involve a direct travel distance of 25 miles or more).

B. Uniform Authorization of the Rural Enhancement Rate

1. It is the responsibility of the Case Management Agency to authorize any provider to bill for services using the rural enhancement code modifier. The Case Management Agency will complete the Service Authorization Form and send it to the Service Provider to be maintained in their files as proof of service authorization. The Case Management Agency will maintain a copy in their files as well as submit a copy to the Waiver Operating Agency.
2. If the initial authorization was verbal, the Case Management Agency will follow up with a written service authorization that includes the authorization for rural enhanced reimbursement. The Case Management Agency will maintain a copy of the written authorization form in their case files and submit a copy of any Authorization Forms that include authorization for enhanced billing to the Waiver Operating Agency.
3. The Waiver Operating Agency is responsible to monitor the Medicaid billing statements to assure providers are appropriately using the rural enhancement rate. In the event of inappropriate use of the rural enhancement rate, the provider and the Case Management Agency will be notified by the Waiver Operating Agency. Recoupment will be made for any inappropriate use of the rural enhancement rate.

- C. When possible, providers must coordinate service delivery to minimize the use of the TN modifier by combining multiple service encounters in a single trip. Waiver case managers must take into account the opportunity to coordinate service delivery among waiver participants served by a common provider when scheduling services as part of plan of care implementation.

15 – 1 Attachment B - Adult Residential Service

**ATTACHMENT B
SPECIAL PROVISIONS**

RESPONSIBILITIES OF ADULT RESIDENTIAL SERVICES PROVIDERS UNDER THE NEW CHOICES HOME AND COMMUNITY-BASED SERVICES WAIVER

The Home and Community-Based Services (HCBS) New Choices Waiver Program (Waiver Program) is a Medicaid sponsored program administered through the Utah Department of Health, Division of Medicaid and Health Finance, Long Term Care Bureau. The Waiver Program was developed to provide Medicaid recipients residing in long term care nursing facilities with the option of receiving long term care services in home and community based settings rather than institutional settings.

The Waiver Program is intended to be utilized in conjunction with other formal and informal support systems and contributes to the health, safety and welfare of the targeted population. Home and Community-Based Services are an element of the State Medicaid Plan and must operate in accordance with all established federal and state requirements for both HCBS waivers and the overall Medicaid program. Adult Residential Services are one component of this coordinated long term care service delivery system. The roles of providers of HCBS Waiver Services must be clearly defined in order to ensure waiver participants' needs are identified and services are provided to support successful community placement.

To participate in the New Choices Waiver Program as an Adult Residential Service Provider, the Provider will:

1. Provide at least three meals per day.
2. Provide 24 hours a day, seven day a week, general monitoring and emergency response services.
3. Provide assistance with ADL's in accordance with my facility licensure and participant's Waiver Care Plan.
4. Provide assistance for physical transfers as needed and as licensure allows.
5. Provide assistance to evacuate the building if necessary in accordance with licensure standards.
6. Provide housekeeping services, including personal laundry, in compliance with identified needs established in the Waiver Care Plan.
7. Provide medication assistance in accordance with my facility licensure and the participant's assessed needs as established in the Waiver Care Plan.
8. Provide general nursing care in accordance with facility licensure.
9. Participate in care plan development with the Case Management Agency and encourage resident and/or their representative to participate.
10. Interact with the resident's chosen Case Management Agency to resolve concerns that may arise and in order to coordinate third party services.
11. Provide services as identified in the Waiver Care Plan.
12. Make planned social and recreational activities available to waiver participants in order to enhance their quality of life and provide a homelike setting.

Utah Medicaid Provider Manual	Home and Community-based Waiver Services New Choices Waiver
Division of Medicaid and Health Finance	Updated April 28, 2010

13. Operate in accordance with all established federal and state requirements applicable to my facility licensure.
14. Understand that room and board are not covered by the New Choices Waiver and are not a Medicaid benefit. I am responsible for establishing these rates and they will be paid directly to the facility by the individual waiver participant or their representative. Medicaid is not responsible for payment of room and board.
15. Accept the Medicaid reimbursement rate as payment in full for a Medicaid covered service. Neither the resident nor their families will be billed additional costs for these covered services.
16. Not bill for Adult Residential Services on days that the waiver participant is not in the facility, and will notify the Case Management Agency of such occurrences i.e. hospitalization.
17. Notify the participant's Case Management Agency should I have concerns regarding client safety and/or believe that their needs can no longer be met at the facility.
18. Notify the waiver participant's chosen Case Management Agency within twenty four hours of any negative incident involving the participant. The facility will utilize a standardized Incident Reporting Form, provided by the Long Term Care Bureau, to make these notifications.
19. Develop an individualized tracking form to ensure that Medicaid reimbursed Adult Residential Waiver Services are provided to each waiver recipient in accordance with their Service Plan.
20.
