

This report was developed and prepared by the following individuals:

### Utah Department of Health

Jennifer Wrathall, MPH, UDOH Survey Center Co-manager, Office of Public Health Assessment

Michael Friedrichs, MS, Epidemiologist, Bureau of Health Promotion

Kathryn Marti, MPH, Director, Office of Public Health Assessment

Kim Neerings, Data Reporting Specialist, Office of Public Health Assessment

Karen Nellist, MPH, Epidemiologist, Bureau of Health Promotion

This project was funded in part by the Centers for Disease Control and Prevention (CDC) through the Chronic Disease Prevention and Health Promotion Programs Cooperative Agreement U58/CCU822802-03 and the Preventive Health and Health Services Block Grant 93.991. The contents of this report are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention.

Appreciation is extended to our very capable Survey Center Co-manager, Marilynn Startup, MPA, and competent survey supervisors, John Jennings and Ruben Robles.

We'd like to thank our BRFSS interviewers for their consistent superior effort:

Richard Anderson	Emily Johnson
