The Leading Causes of Death Report was prepared by the Office of Public Health Data, Bureau of Surveillance and Analysis, under the direction of Robert T. Rolfs, M.D. It is the mission of the Office of Public Health Data to facilitate, coordinate, and assure the appropriate collection, analysis, and interpretation of accurate health data for purposes of surveillance, policy development, and program planning and evaluation. One aspect of this mission is the provision of regular reports of health data, including such data as leading causes of death, and Healthy People 2000 Health Status Indicators.

The report was developed and prepared by:

Diane Liu, M.S.

Darryl Snyder

Gulzar Shah, Ph.D.

Kim Bangerter

Robert T. Rolfs, M.D.
