

# UPP

## Utah's Premium Partnership for Health Insurance

### So, what's UPP?

- UPP (“up”) is managed by the Utah Department of Health
- Replaces Covered at Work
- Clients may qualify based on:
  - Income and family size
  - If their *employer-sponsored* plan is more than 5% of their annual gross income
  - If they have no insurance
- UPP sends a monthly check to the client
- Client uses check to help pay health insurance premiums

### How UPP increases coverage:

- UPP uses public money to get people into private (employer-sponsored) health insurance
- Money from UPP helps clients pay insurance premiums
- People who did not have health insurance before can now afford it
- Potential to increase coverage for spouse and children
- Potential to increase employer participation in group coverage

### How much money?

- Up to **\$150** per adult/month
- Up to **\$120** per child/month for plan *with* dental
- Up to **\$100** per child/month for plan *without* dental

### When can you get UPP?

- **Waiting for federal approval**
- Expect early November
- Details will come

### Who can you call for more info?

- Jennie Erickson  
PR & Marketing Coordinator
