

Together, we can prevent firearm suicides in Utah.

86% of Utah firearm deaths are suicides.
If your loved one is depressed or suicidal,
talk to them about temporarily storing
their guns away from their home.

Lock

Keep guns locked and make sure keys and combinations aren't accessible.

Limit

Lock guns and ammo separately. Ask to hold onto the keys of a struggling friend or loved one.

Remove

Temporarily store firearms away from the home until the situation improves.
