COMPANION GUIDE

Utah Specific Transaction Instructions

835 Health Care Claim Payment/Advice: **Electronic Remittance Advice (RA)**
ASCX12N 835 (004010X091A1)

The Health Insurance Portability and Accountability Act (HIPAA) requires all health insurance payers in the United States to comply with the Electronic Data Interchange (EDI) standards for healthcare as established by the Secretary of Health and Human Services. The ANSI ASC X12N 835 Version 4010 implementation guide is the standard of compliance -- available at www.wpc-edi.com. The following supplemental information is specific to Utah Medicaid and serves as a companion guide to the implementation guide. Utah Medicaid Provider Manuals are available at www.health.utah.gov/medicaid/tree/index.html.

1. For questions or suggestions about this companion guide, call (800) 662-9651 menu 3, menu 5, or (801) 538-6155 menu 3, menu 5, Operational Support and Development (OS&D). Go to <http://health.utah.gov/hipaa/guides.htm> to obtain the latest version of this guide and other companion guides. OS&D can help resolve issues on all EDI.
2. All EDI must pass through the Utah Health Information Network (UHIN), an independent, not-for-profit, value added network serving all payers in Utah. Contact UHIN at www.UHIN.com or call (801) 466-7705 x200. UHIN will assign a Trading Partner Number (TPN) for EDI.
3. Use your TPN and your Utah Medicaid 12-digit Contract number or your TPN and your National Provider Identifier (NPI) to complete the Online Utah Medicaid EDI Enrollment Form (EForm) at <http://hcf.health.utah.gov/hcfenroll/index.jsp>. Medicaid posts each 835 to the TPN listed on the EForm.
NOTE: The electronic RA will not affect the delivery of the paper RA. If you desire to terminate delivery of your paper RA, you must submit your written request to the Provider Enrollment team at providerenroll@utah.gov or fax your request to Provider Enrollment at (801) 536-0471.
4. "Atypical" providers are providers billing for non-medical transportation, respite care, medical alert systems, construction of wheel chair ramps, meals on wheels, or other non-medical services. After the NPI deadline, currently May 23, 2008 (may be moved to an earlier date – watch Medicaid Information Bulletins), atypical providers must submit their EDI transmissions to and receive their EDI transmissions from the new Trading Partner Number (TPN) of HT000004-801.

835 REMITTANCE
COMPANION GUIDE

Please switch over to the new TPN as soon as feasible -- remember to update the EForm from paragraph 3 above.

5. Register your NPI (n/a for atypical) with Medicaid, 538-6155, menu 3, menu 4, or fax your NPI (include 12-digit Medicaid Contract number, taxonomy code, and zip code+4) to (801) 536-0471. The Medicaid Contract number will not be allowed on or after the NPI deadline, unless you are an atypical provider.
6. Once a provider registers their NPI with Medicaid, the 835 will report both the NPI and the 12-digit Medicaid Contract number until the NPI deadline of May 23, 2008 (may be moved to an earlier date – watch Medicaid Information Bulletins). After the deadline, only atypical providers will receive the 12-digit Contract number. The Tax ID and the NPI are mutually exclusive, so when Medicaid reports the NPI on the 835, the Tax ID cannot be reported.
7. 835s are available for pickup (download) by noon on the first business day of each week. They will remain available for pickup for one month.
8. Electronic claims received before the End of Business on Thursday usually adjudicate that weekend. Transactions received after the End of Business on Thursday may miss the adjudication cycle and will process the following weekend.
9. When Medicaid splits an 837 healthcare claim, the provider is notified through the 277 Front End Acknowledgment. The 835 will report line level information relating to each individual claim (split claim). A provider may receive multiple 835 responses to a single 837. NOTE: Claims held in suspense will not appear on the 835.
10. Electronic Funds Transfer (EFT) is independent from EDI. The form of payment (Warrant or EFT) has no bearing on whether claims arrived via paper claim or EDI. Medicaid highly recommends EFT and providers should register for EFT by using the form at <http://health.utah.gov/medicaid/pdfs/EFTApril2005.pdf>.
11. Adjustments in any CAS segment decreases the payment when the adjustment amount is positive, and increases the payment when the adjustment amount is negative. For an 835 transaction to balance the sum of all submitted charges minus the sum of all provider adjustments must equal the total payment amount.
